

**MINI COUNTRYMAN.  
GETAWAY.**

**More leg room, more personal space.** Four individually adjustable comfort seats give four people room to unwind. This makes things more comfortable for all concerned – because crossover shouldn't mean getting cross over space. A single rear seat bench is also available as an option, allowing a fifth lucky person to join in the fun.

**No rules, no limits.** The new MINI was made by original thinkers for original thinkers. So as you'd expect, there are an enormous number of options that let you put your own personal stamp on it. From paint finishes and leather upholsteries, to an extensive choice of wheel designs, to a range of extravagant colour combinations inside and out, the only limit is your imagination.

**MORE FUN ON ALL4.**

**VIP entry for four with no annoying door staff.** The practical four-door layout means it couldn't be easier to get in. Of course, once you've spent some time in the new MINI Countryman, you may find getting out again is something of a wrench – but that's the way it should be.

**Long journeys never felt shorter.** At just over four metres in length, the new MINI Countryman is not just big on the outside. Get in, and you can see right away where each and every one of the extra centimetres has gone. MINI outside. Maximum room inside.

## ON THE RUN FROM CONVENTION.

Meet a new kind of MINI: the MINI Countryman. Larger, more versatile and anything but ordinary, this is the first of a new breed. It's the most fun up to five people have ever had on four wheels. Whatever sort of road you're on – or even if you're not on the road at all – now, for the first time, you can enjoy go-kart feeling in a crossover vehicle. In short, the MINI Countryman is the perfect car for anyone looking for a break from the norm. A MINI in the truest sense. Isn't it time you planned your getaway?

### MINI COUNTRYMAN TECHNICAL DATA:

	One/One D	Cooper/Cooper D <sup>1</sup>	Cooper S <sup>1</sup>
kW	72/66	90/82	135
Max. speed <sup>2</sup>	173 [168]/170	190 [182]/185	215 [210]
0–100 km/h <sup>2</sup>	11.9 [13.9]/12.9	10.5 [11.6]/10.9	7.6
Fuel consumption <sup>2,3</sup> l/100 km			
Urban	7.4 [9.3]/4.7	7.4 [9.3]/4.7	7.5 [9.5]
Extra-urban	5.2 [6.0]/4.2	5.2 [6.0]/4.2	5.4 [5.7]
Combined	6.0 [7.2]/4.4	6.0 [7.2]/4.4	6.1 [7.1]
CO <sub>2</sub> emissions g/km	139 [168]/115	140 [168]/115	143 [166]

<sup>1</sup> Figures shown here do not apply to vehicles with all-wheel drive.

<sup>2</sup> All figures relate to vehicles with the standard 6-speed manual transmission. Figures in square brackets relate to vehicles with 6-speed Automatic Transmission Steptronic.

<sup>3</sup> All MINI Countryman models comply with the EUS exhaust emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (as defined in Directive 80/1268/EEC), made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO<sub>2</sub> emissions are measured separately from fuel consumption. Figures relate to standard-specification vehicles, and may vary significantly where optional equipment (including wider tyres) is fitted.

## CLIMB IN. BUCKLE UP. PICK YOUR JAW UP FROM THE FLOOR.

There's no danger of things going off the rails in the interior of the MINI Countryman. Because this is the first car to feature the MINI Center Rail, allowing you to attach a smartphone cradle, cup holders or storage boxes and move them around to exactly where you want them. Add in the four comfortable individual seats, Ambient Light in the elliptical rings in the doors and a range of trim options, and the MINI Countryman is without doubt the place to be seen.

## HIGH OFF THE GROUND – FAR ABOVE THE COMPETITION.

The new MINI Countryman goes its own way. As an option, with ALL4 intelligent all-wheel drive. The urban jungle may be its home, but sometimes even the biggest city just isn't big enough for the MINI Countryman. Fortunately, there's almost nowhere it can't get to in its pursuit of freedom. Because it's packed with features that make it the perfect car for town, country and all points in-between:

- The first MINI available with ALL4 all-wheel drive
- 4 doors, 4 seats, 4 metres in length
- Characteristic MINI agility
- More dynamic performance, less fuel consumption

The MINI Cooper S Countryman combines all-wheel drive go-kart excitement with the lowest consumption and the lowest emissions in its class. That's MINIMALISM: more turn, less burn.
