# BMW EXPERIENCE

FIG. 1

**HOW CAN OPEN-AIR DRIVING LEAVE YOU  
BREATHLESS?**

Take a deep breath, and jump in. You'll soon realize that while the MINI Cabrio is highly addictive, there aren't any side effects.

FIG. 2

THE ONLY SAFETY FEATURE IT DOESN'T HAVE IS  
SUNBLOCK.

Four airbags, a roll-over bar and an array of electronic safety systems give you the peace of mind to get on with the serious business of enjoying the drive.

FIG. 3

**IF YOU WANT GO-KART  
FEELING, BEST LEAVE IT TO THE  
PROFESSIONALS.**

Wide track, long wheelbase, low centre of gravity.  
Just three reasons why the only thing that sits better  
on the road is the white line.

FIG. 4

ENVOIOUS GLANCES ARE ALL PIGEONS  
SHOULD BE ALLOWED TO DIRECT AT  
YOUR MINI CABRIO.

The quality of the MINI Cabrio's workmanship, materials and  
design means drivers may find themselves going to unusual  
lengths to defend it against unwanted attention.

FIG. 5

**IF YOU DRIVE THROUGH QUICK ENOUGH, YOU CAN EVEN LEAVE THE TOP DOWN IN THE CARWASH.**

Always open – even when the heavens are too. All you've got to do is drive faster than the raindrops are falling (speed limit permitting).

FIG. 6

**TO TURN THE AIR-CON UP, JUST PUT  
YOUR FOOT DOWN.**

The MINI Cabrio's design may not go with the flow, but its aerodynamics certainly do. This is a car even the wind finds it hard to resist.

FIG. 7

THE GOOD NEWS: IT SEATS FOUR.  
THE BAD NEWS:  
ONLY ONE GETS TO DRIVE.

Don't risk losing a friendship – let your mates take the wheel occasionally. But make sure you go along for the ride.

FIG. 8

INSECTS SHOULDN'T BE A  
WORRY. THEY CAN ONLY DO  
25 KM/H. YOU CAN DO 215.

The MINI Cooper S Cabrio sticks to the tarmac like a  
dead fly to the windscreen.

FIG. 9

**IT'S A GOOD THING YOU  
DON'T ALWAYS HAVE TO RELY  
ON A ROOF FOR PROTECTION.**

Get there safely. Get there in the MINI Cabrio.  
Thanks to the exceptional torsional rigidity of  
both body and chassis, you can manoeuvre out  
of even the hairiest situations.

FIG. 10

**OUTER BEAUTY SHOULD BE MATCHED  
BY INNER.**

Simply choose which of the many colour combinations is the right one for you.

FIG. 11

**FOR MINI CABRIO DRIVERS, NOT EVEN THE SKY IS THE LIMIT.**

North, south, east, west. Rain or shine, hail or snow. Winding roads, testing climbs or endless straights. It makes no difference – whatever you enjoy most. Why not rent out your garage while you're at it? You may be gone some time.

VARIETY

# FACTS

00"

0"

0"

15"

**SIMPLY BEAUTIFUL:** the MINI Cabrio with the convertible soft top closed. The car's flat roofline and upright front and rear windscreens mean there is plenty of room to seat four people in comfort. And because the rear windscreen is made of glass and heated, rearward visibility is never a problem.

At the first sign of sunshine, you can start catching those rays. A continuously variable sunroof function is integrated into the soft top and can be opened to a maximum of 40 centimetres. It can be operated when driving at speeds of up to 120 km/h.

Heavens above! The sunroof function gives passengers a clear view of the sky, and an unprecedented sense of freedom. But to enjoy the MINI Cabrio to the max, you have to put the whole soft top down. This is accomplished either by pressing a button on the windscreen panel or by the remote key, with the soft top retracting fully in just 15 seconds.

The soft top design both maintains the traditional MINI styling and underlines the unique design of the MINI Cabrio. The space-saving Z-shaped folding mechanism stows the roof away without the need for dedicated boot space, giving all four passengers an uninterrupted view of the sky. You certainly couldn't accuse the MINI Cabrio of lacking atmosphere.

ROOM FOR FOUR, FUN FOR ALL.

**SPACE:** four friends out for a spin, or a couple going on holiday with all their luggage – either way, the MINI Cabrio's got it covered. Plenty of space in the back, and a whole world of headroom for all four seats.

**LOADING:** easy does it. The tailgate folds down and the back section of the soft top swings up. This Easy Load function gives a wide opening, taking the hassle out of loading and unloading.

**FOLDING REAR SEATS:** the rear backrests can easily be folded down, together or separately. With the seats folded down and the roof up, there is as much as 605 litres of luggage space. The rear seats also lock in place, so your luggage is secure even when the top is down.

**DESIGNED TO MAKE YOUR HEART BEAT FASTER – THE WHEELS:** large, stable and with a variety of designs to suit every taste, ranging in size from 15 to 17 inches. Short overhangs and a wheel in each corner give the car its distinctive visual appeal.

**VERY HANDY – THE CONVERTIBLE SOFT TOP:** up or down, it always looks the part. When retracted, the soft top is stowed neatly away behind the rear backrests, thanks to the Z-shaped folding mechanism. And with the soft top up, the roof seams slant upwards, giving a sporty look.

**SEE AND BE SEEN – THE LIGHTS:** the LED rear lights are highly visible, and the chrome-ringed headlights combine classical design with the latest lighting technology behind a glass cover. The ultra-powerful Xenon lights (optional) practically turn night into day.

**LOVE AT FIRST SIGHT – THE MIRRORS:** perfectly sculpted, and set slightly back from the front of the door. Optionally available in high-gloss white (in combination with white wheel rims\*) and in chrome (in combination with chrome-plated tailgate hinges).

**PERFECTLY POISED – THE SEATS:** ideal for people of all shapes and sizes. Both the standard and the sport seats (as standard on the MINI Cooper S Cabrio) are fully adjustable and offer excellent lateral support. Available in a choice of attractive cloths, sporty cloth/leather combinations and luxurious leathers.

**CRACKING ATMOSPHERE – THE INTERIOR:** fascinating yet functional. Both the interior surfaces and the elliptical door inner panelling are available in a wide variety of finishes, which can be combined with many different upholsteries and exterior colours, allowing you to put a personal stamp on your MINI Cabrio.

**SOUND:** involving but not intrusive. With its chrome-plated dual exhaust pipe finisher set in the rear bumper, the MINI Cooper S Cabrio sounds particularly sporty.

**PERFORMANCE:** pound for pound, it packs all the punch of a sports car – 7.7 kg per bhp.

**RESPONSIVENESS:** engines that offer extra speed when you need it most. In fourth gear, the MINI Cooper S Cabrio accelerates from 80 to 120 km/h in 6.6 seconds (the MINI Cooper Cabrio does it in 11.6 seconds and the MINI One Cabrio in 13.5).

**FUN:** a pleasure to drive right across the rev range.

**ACCELERATION:** lively. From 0 to 100 km/h takes 11.8 seconds in the MINI One Cabrio, 9.8 seconds in the MINI Cooper Cabrio and just 7.4 seconds in the MINI Cooper S Cabrio.

**SPEED:** gets you there with time to spare. The MINI One Cabrio has a top speed of 175 km/h, while the figures for the MINI Cooper Cabrio and MINI Cooper S Cabrio are 193 km/h and 215 km/h respectively.

**TORQUE:** plentiful. So the car pulls hard even at low revs. The only thing accelerating faster will be your heart rate.

**ENGINES:** to suit discerning drivers of all kinds. 66 kW (90 bhp) in the MINI One Cabrio, 85 kW (115 bhp) in the MINI Cooper Cabrio, and a blistering 125 kW (170 bhp) in the MINI Cooper S Cabrio.

**DISACEMENT:** delivers power. All MINI Cabrio models have a displacement of 1.6 litres. However, the MINI Cooper S Cabrio boasts a supercharger, giving it the sort of acceleration you could normally only expect from a much bigger engine.

**TRANSMISSION:** designed for short, accurate shifts. The MINI One Cabrio and MINI Cooper Cabrio come with 5-speed manual transmission as standard, and the MINI Cooper S Cabrio with 6-speed manual transmission. Continuously Variable automatic Transmission (CVT) with Steptronic is optional on the MINI Cooper Cabrio, while a 6-speed fixed-ratio automatic transmission with Adaptive Transmission Control (ATC) can be specified on the MINI Cooper S Cabrio.

HIGH SCORE!

GO-KART FEELING ALL THE WAY.

VARIETY

POWER

With a single-link spring-strut front axle, a multi-link rear axle, and anti-roll bars front and rear, the MINI Cabrio really sticks to the road. Its stable chassis and torsionally rigid body guarantee optimum ground contact, for safer cornering and smoother straight-line driving.

**DRIVING INTO THE HALL OF FAME:** sometimes you rack up more bonus points for staying on the road than for crossing the finish line. With its pure go-kart feeling, the MINI Cabrio is just about the most fun you can have on four wheels.

**REVERSIBLE BUMPERS (1):** help to prevent damage to the bodywork in low-speed impacts.

**DYNAMIC STABILITY CONTROL (DSC):** counteracts vehicle instability in critical situations by intervening in the engine management system and applying braking force to individual wheels at front and rear as necessary.

**BRAKING SYSTEM:** with ABS, Cornering Brake Control (CBC) and Electronic Braking force Distribution (EBD) as standard. Four disc brakes and an electronic Anti-lock Braking System guarantee a safer driving experience, while CBC improves braking performance in corners and prevents understeer. EBD manages the distribution of braking force between front and rear axles electronically to ensure the shortest possible stopping distances.

**ROLL-OVER BAR:** made of high-strength aluminium and integrated into the body of the car, the roll-over bar (1) provides optimum protection for back-seat passengers. Built-in 3-point belts (2) complete the safety package.

**BODY:**

reinforced in all the right places to give outstanding torsional rigidity. The result is a passenger compartment that is stable, comfortable, quiet, and among the safest places to be on the road.

**CHASSIS:**

single-link spring-strut front axle (1), multi-link rear axle (2) and anti-roll bars front and rear, plus wide track and a low centre of gravity.

**AUTOMATIC STABILITY CONTROL + TRACTION:**  
(as standard on the MINI Cooper S Cabrio) prevents the front (drive) wheels from spinning, for improved traction when pulling off and accelerating.

**RESTRAINT SYSTEM:**  
a combination of 3-point belts, belt tensioners and belt force limiters ensures driver and front passenger enjoy the best possible protection in the event of a crash.

**RSC TYRES FOR EMERGENCY DRIVING:** the special rims (1) of the RSC (Runflat System Component) tyres allow the car to keep driving even after a sudden loss of tyre pressure. The reinforced sidewalls mean that even with a completely flat tyre, the vehicle can continue for another 150 kilometres at up to 80 km/h.

**RUNFLAT INDICATOR:** a warning light in the cockpit (2) alerts the driver in the case of any loss of tyre pressure.

**REINFORCED BODY:** the side skirt area (1), doors (2), cross members and A and B-pillar areas are all strengthened. Additional V-struts link the rear axle to the body. The result is an exceptionally rigid body, making the car more fun to drive and safer in the event of a crash. The rear passengers are further protected by a highly strengthened roll-over bar (3) behind the rear seats.

**CRASH SENSOR:** when it detects an impact, the doors automatically unlock (1) and the interior lights are automatically switched on (2).

**REMOTE-CONTROLLED ALARM SYSTEM:** a siren sounds and the lights flash if anyone attempts to move or break into the vehicle.

**DRIVER (1) AND FRONT PASSENGER (2) AIRBAGS:** protect the head and upper body in the event of a frontal impact.

**HEAD/THORAX SIDE AIRBAGS:** the head/thorax side airbags (3) for the front seats significantly reduce the risk of injuries to the head, chest and pelvic areas in side impacts.

## VARIETY

## EXTERIOR COLOURS<sup>1</sup>

### SOLID COLOURS

Strong primary colours that make a bold statement.

Chili Red

Black

Liquid Yellow

### METALLIC COLOURS

There is a wide choice of metallic paints available for the MINI Cabrio, with Hot Orange and Cool Blue just two of the attractive options. And whichever you choose, your MINI Cabrio is sure to look good.

Hot Orange

Cool Blue (effect colour)

### UNIQUE

The metallic Cool Blue effect colour is particularly striking. Depending on how the light strikes it, it can appear almost grey or a dazzling blue. But it's always appealing to the eye.

Black-Eye Purple

Pure Silver

Hyper Blue<sup>2</sup>

Dark Silver<sup>2</sup>

British Racing Green

Astro Black<sup>3</sup>

Solid Gold<sup>3</sup>

<sup>1</sup> And recommended soft top colours for each.

<sup>2</sup> Only available on the MINI Cooper S Cabrio.

<sup>3</sup> Only available on the MINI One Cabrio and MINI Cooper Cabrio.

## INTERIOR SURFACES

Depending on the model and upholstery you specify, there is a choice of up to nine different surfaces for the instrument panel and elliptical ring in the door: five<sup>1</sup> body-colour finishes (matching the exterior colour), plus anthracite, silver, alloy patina and wood décor.

Silver

Anthracite

Alloy patina

Wood décor

Liquid Yellow

Hyper Blue<sup>2</sup>

Chili Red

Cool Blue (effect colour)

Hot Orange

<sup>1</sup> Four on the MINI One Cabrio and MINI Cooper Cabrio.

<sup>2</sup> Hyper Blue only available on the MINI Cooper S Cabrio.

## SOFT TOP AND INTERIOR COLOURS

### INTERIOR COLOURS

The footwell panels, door inner panelling and rear side panels are all colour-coordinated with the upholstery, so you get an interior that is just the way you want it. Like the MINI Cabrio itself.

Black

Blue

Green

### SOFT TOP COLOURS

The fully automatic soft top on the MINI One Cabrio is always Black. On the MINI Cooper Cabrio and MINI Cooper S Cabrio there is a choice of two additional colours – Green and Blue.

## UPHOLSTERY COLOURS

Dragon cloth  
Panther Black/Panther Black

Octagon cloth  
Tartan Red/Panther Black

Octagon cloth  
Panther Black/Panther Black

Space cloth  
Silver/Panther Black

### UPHOLSTERY

Whether you opt for cloth, leather or a combination of the two, all the materials used in the MINI Cabrio are produced to the highest standards of quality and workmanship. And the possibilities for personalizing the interior of your MINI Cabrio with different colours are almost endless. The colour combinations illustrated here show the middle panels of the seat together with the corresponding side bolster and headrest colours. Whatever your tastes, there is sure to be a combination of colours and design that's right for you.

EXTERIOR EQUIPMENT

The MINI One Cabrio **radiator grille** has a chrome surround. The three horizontal radiator bars are in **high-gloss black**.

The **round exhaust pipe finisher** on the MINI Cooper Cabrio is **chrome-plated**.

On the MINI Cooper Cabrio, the **radiator grille** surround and the three horizontal radiator bars are both **chrome-plated**.

Situated in the **middle** of the rear bumper, the **chrome-plated dual exhaust pipe finisher** on the MINI Cooper S Cabrio looks as unique as it sounds.

The MINI Cooper S Cabrio has a **radiator grille** with a chrome surround, while the three horizontal bars are in **body colour**.

The **Park Distance Control (PDC)** at the rear, fitted as standard on all MINI Cabrio models, makes parking and manoeuvring in tight spaces much easier. Ultrasound is used to measure the distance between the car and any obstacle, and this is communicated to the driver by an acoustic alert once it falls below 1.5 metres.

The **boot handle** on the MINI One Cabrio comes in **matt black**.

With its flat roofline and upright rear windscreen, the **fully automatic soft top** is designed so four people can travel in comfort. It is available in **Black** on all MINI Cabrio models.

In keeping with other chrome details on the car, the **boot handle** on the MINI Cooper Cabrio is also **chrome-plated**.

The **fully automatic soft top** looks particularly stylish in **Blue** (available on the MINI Cooper Cabrio and MINI Cooper S Cabrio). The rising line of the lateral seam gives the car a dynamic appearance.

The **boot handle** on the MINI Cooper S Cabrio is in **body colour**.

Available on the MINI Cooper Cabrio and MINI Cooper S Cabrio, the **Green fully automatic soft top** is particularly striking.

## EXTERIOR EQUIPMENT

Depending which model it is specified on, the **Chrome Line Exterior** includes chrome elements such as the radiator grille bars, boot handle, exhaust pipe finisher, fog light surrounds, roll-over bar and bumper strips.

Bonnet stripes in black or white are available as an option on the MINI Cooper Cabrio and MINI Cooper S Cabrio. Black or white, even when stationary the car shows off its racing pedigree.

The upright **heated glass rear wind-screen** ensures drivers can always see what's going on behind them.

■ As standard on MINI One Cabrio

■ As standard on MINI Cooper Cabrio

■ As standard on MINI Cooper S Cabrio

When the **rain sensor** is activated, it automatically adjusts the speed and frequency of the windscreen wipers according to how hard it is raining. The built-in light sensor automatically switches on the driving lights when needed in dark or twilight conditions.

The MINI One Cabrio has **steel rims with full-size wheel trims** fitted as standard. Size: 5.5 J x 15 inches with 175/65 R15 tyres.

□ Optional extra on MINI One Cabrio

The **body-colour bumper** at the front incorporates the optional round fog lights, as well as the indicator/sidelight units above them, which are likewise round.

The MINI Cooper Cabrio comes with **7-hole light alloy rims** in the 5.5 J x 15-inch size as standard, and with 175/65 R15 tyres.\*

□ Optional extra on MINI Cooper Cabrio

□ Optional extra on MINI Cooper S Cabrio

5.5 J x 15-inch **5-star rocket light alloy rims** with 175/65 R15 tyres are available as an option on the MINI One Cabrio and the MINI Cooper Cabrio.\*

\* Light alloy rims marked with an asterisk are also optionally available in white in combination with white exterior mirror caps on the MINI Cooper Cabrio and MINI Cooper S Cabrio (see small illustrations).

## EXTERIOR EQUIPMENT

**X-lite light alloy rims** in the 6.5 J x 16-inch size are fitted as standard on the MINI Cooper S Cabrio. They come with 195/55 R16 RSC tyres.\*

Sporty **light alloy rims** with a dynamic **5-star design** are available in the 6.5 J x 16-inch size with 195/55 R16 RSC tyres.\*

The **7-fin spoke light alloy rims** come in the 6.5 J x 16-inch size and are fitted with 195/55 R16 RSC tyres.\*

The chrome-ringed **headlights** combine classical design with the latest technology. The optional **xenon lights** shown here provide particularly powerful illumination.

The elliptical **exterior mirrors** are electrically adjustable and feature an optional electric heating system. On the MINI One Cabrio, the caps are **mat black**.

The elliptical **exterior mirror caps** on the MINI Cooper Cabrio and MINI Cooper S Cabrio can be specified in **high-gloss white** if the car also has white wheel rims.

**5-spoke light alloy rims** in the 7 J x 17-inch size perfectly fill the wheel arch, and come with 205/45 R17 RSC tyres.\*

With their 7 J x 17-inch size and 205/45 R17\* RSC tyres, the **5-star bullet light alloy rims** sit neatly in the wheel arch.\*

The **web-spoke light alloy rims** use a two-part construction and come in the 7 J x 17-inch size with 205/45 R17 RSC tyres.

On both the MINI Cooper Cabrio and MINI Cooper S Cabrio, the elliptical **exterior mirror caps** come as standard in **body colour**.

The elliptical **exterior mirror caps** are also available in a **chrome** finish. Where this is specified, the tailgate hinges are also chrome-plated.

If the optional **foldaway function** is specified, both exterior mirrors **fold away/fold out** automatically at the touch of a button (useful at the carwash). Both mirrors are also heated.

\* Light alloy rims marked with an asterisk are also optionally available in white in combination with white exterior mirror caps on the MINI Cooper Cabrio and MINI Cooper S Cabrio (see small illustrations).

## INTERIOR EQUIPMENT

The **instrument panel** of the MINI One Cabrio and MINI Cooper Cabrio comes in **anthracite** as standard. This finish is also available as a no-cost option on the MINI Cooper S Cabrio.

The **instrument panel** and the elliptical ring in the door are finished in **alloy patina** as standard on the MINI Cooper S Cabrio.

The **instrument panel** and the elliptical ring in the door can also be specified in **high-gloss silver** as an optional extra on all models.

As an optional extra, the **instrument panel** is available in a traditional wood décor finish (a **wooden gear shift knob** and **wooden rim** for the **sport steering wheel** are also available). In this case, the elliptical ring in the door is in **high-gloss anthracite**.

Alternatively, the **instrument panel** and the elliptical ring can be specified in **body colour** (a choice of five colours on the MINI Cooper S Cabrio and four on the MINI One Cabrio and MINI Cooper Cabrio).

In the cloth/leather and leather upholstery versions of all models, the **elliptical ring** in the door comes in **high-gloss anthracite** as standard. This is also available as a no-cost option on the MINI Cooper S Cabrio.

In the standard interior of the MINI One Cabrio and MINI Cooper Cabrio, the elliptical ring in the door comes in the same colour as the **door inner panelling**.

If your MINI has **high-gloss silver** interior surfaces, the elliptical ring and map pocket are finished in high-gloss silver too, irrespective of the type of upholstery. A silver ring and map pocket are also available as a no-cost option on the MINI Cooper S Cabrio.

■ As standard on MINI One Cabrio

■ As standard on MINI Cooper Cabrio

■ As standard on MINI Cooper S Cabrio

■ Optional extra on MINI One Cabrio

■ Optional extra on MINI Cooper Cabrio

■ Optional extra on MINI Cooper S Cabrio

INTERIOR EQUIPMENT

In cars with alloy patina interior surfaces (as standard on the MINI Cooper S Cabrio), the elliptical ring in the **door inner panelling** and the map pocket are also finished in **alloy patina**.

A **storage compartment** is built in to the **folding centre arm rest** in the front.

Where the interior surfaces are specified in body colour, the elliptical ring in the **door inner panelling** and the map pocket are also finished in **body colour**.

The MINI Cooper Cabrio can be fitted with **Continuously Variable automatic Transmission (CVT)** with **Steptronic**. The six pre-programmed Steptronic gear ratios allow the driver to change manually without using the clutch, giving a sportier drive.

The optional **6-speed fixed-ratio automatic transmission** with Adaptive Transmission Control (ATC) and **Steptronic** for the MINI Cooper S Cabrio is operated via **paddles** on the steering wheel. In Steptronic mode, drivers change gear using either these or the Steptronic shift gate.

The 2-spoke **standard steering wheel** houses a 2-stage airbag. Buttons to sound the horn are placed on the left and right-hand sides.

A 3-spoke **leather sport steering wheel** is available as an optional extra on all MINI Cabrio models (shown here with shift paddles). It sits comfortably in the hand for even more agile handling.

The 2-spoke **MINI Cooper S leather steering wheel** has prominent thumb moulding for improved grip. Where Continuously Variable automatic Transmission (CVT) is specified, the wheel can be fitted with the optional shift paddles as illustrated, enabling drivers to change gear without taking their hands off the wheel when the car is in Steptronic mode.

The leather steering wheel is optionally available in a **multifunction** version which allows the driver to operate the radio, cruise control and their mobile phone from the wheel.

A 3-spoke **sport steering wheel** with a wooden rim is available (in conjunction with a wooden gear shift knob), and can be specified in a multifunction version.

## INTERIOR EQUIPMENT

The **rev counter** is mounted on the middle of the steering column, making it easy to read. A warning light shows when ASC+T or DSC is active, and the display also shows the outside temperature or current speed.

The optional **navigation system** (including a 16:9 colour screen, Radio Boost and on-board computer) directs you to your destination via a computerized voice and a split-screen display with directional arrows and/or maps.

Positioned in the centre of the instrument panel, the **speedometer** incorporates a **digital clock** plus LED mileage and trip counters. This is also where you'll find the warning lights for low fuel level, indicators, oil pressure, high beam, RFI, ABS, brake pad wear and airbags.

The **on-board computer** tells you your range, current and average fuel consumption and average speed at the touch of a button.

An optional **Cockpit Chrono Package** including on-board computer is available on all models. This displays the fuel level, oil and radiator temperatures, and oil pressure. Where it is specified, the speedometer and rev counter are mounted on the steering column.

The **service interval display** tells you when the car is due for its next oil change and inspection, and a digital countdown display in the tachometer dial tells you how far there is to go before your next service.

If you specify the optional **Chrome Line Interior**, the dials on the instrument panel, central air vents, gear shift, handbrake and front and rear cup holders are all trimmed in chrome.

Where the **Cockpit Chrono Package** or navigation system is specified, the speedometer is positioned next to the rev counter on the steering column.

INTERIOR EQUIPMENT

The lockable **glove compartment** is conveniently positioned and features an internal light.

Both front seats have an **easy entry function**. Simply tip the seat and it will automatically slide forward; then slide it back and push the seat back upright, and the seat will click into its previous position.

The **rear backrests** can both be **folded down separately** using a release handle in the boot, meaning three people can travel in comfort even if they have bulky luggage. The backrests are **lockable**, so your luggage is secure even with the top down.

Alternatively, both **rear backrests** can be **folded down together**, increasing the luggage space to 605 litres with the soft top up.

The manually adjustable **standard seats** are upholstered in Dragon cloth in the MINI One Cabrio and in Octagon cloth in the MINI Cooper Cabrio (illustrated). The driver's seat is also height-adjustable, and this feature is available as an optional extra on the front passenger seat too. The seats are moulded to the body's contours for maximum comfort.

**Sport seats** are fitted as standard on the MINI Cooper S Cabrio. These have large side bolsters, providing excellent support even when cornering at speed, and are available in cloth, leather, or a combination of the two.

A **wind deflector** is available as an optional extra, for more comfortable open-top driving without irritating draughts around the neck and shoulders. When not in use, it can be folded away and kept in a space-saving storage bag in the luggage area.

**ISOFIX** is an industry-standard system whereby a child seat fitted with two telescopic bars can be safely and securely mounted on the back seat.

## INTERIOR EQUIPMENT

Music is an essential part of everyday life – and that's just as true in your car. With the radios for the MINI Cabrio, every journey becomes an experience in sound. The **Radio Wave** (illustrated on the left) delivers 4 x 5 watts, while the **Radio Boost CD** (right) has an impressive output of 4 x 15 watts. Both radios have FM, MW and LW reception, and six station buttons, while the Radio Boost also has a volume control system which automatically adjusts the output level according to the speed of the car. The Radio Boost CD's integrated CD system offers a variety of functions including automatic insert and eject, and can also play MP3 files from disc.

The cassette and **MiniDisc** versions of the **Radio Boost**, shown below on the left and right respectively, also have an output of 4 x 15 watts. The Radio Boost with cassette player includes an auto-reverse function and an automatic track recognition system. Automatic insert/eject of cassettes or MiniDiscs is also included.

The **harman/kardon** HiFi speaker system offers an exceptional sound experience. With a total amplifier output of 320 watts, eight speakers with special harman/kardon grilles, impressively powerful bass and brilliant treble.

All radios can be combined with a **CD changer** as an optional extra, which holds up to 6 CDs.

The combination of 11 air vents and **heating** ensures that a comfortable temperature is achieved quickly, with individual ventilation for individual passengers.

The controls for the **electrically adjustable exterior mirrors** are found on the centre console, as are those for the **foldaway function** and two-setting heated seats where these options are specified.

The **visibility package** includes a heated windscreen, a rain sensor and an interior mirror with automatic anti-dazzle function. The **air-conditioning system** with micro filter maintains a comfortable interior temperature, and the amount and distribution of conditioned air can be manually adjusted.

The fully automatic convertible **soft top** and sun roof open and close at the **push of a button**. It takes about 15 seconds to put the top down.

The **automatic air-conditioning** achieves your ideal interior climate as fast as possible and keeps the temperature at the desired level. An active carbon filter protects you against unpleasant odours.

Compatible with most bluetooth mobiles, the **universal telephone preparation** connects your phone to the car's **hands-free system**, so it can then be operated either from the multifunction steering wheel or via voice control.

□ Optional extra on MINI Cooper S Cabrio

The **R87 double-spoke light alloy wheel** is available as a complete winter wheel in the 5.5 J x 16-inch size with 175/60 R16 tyres.

Light and airy: the **R88 double-spoke light alloy wheel**. In the 6.5 J x 16-inch size with 195/55 R16 RSC tyres.

The **R 90 anthracite cross-spoke light alloy wheel** uses a two part construction, with anthracite spokes and titanium screws. In the 7 J x 17-inch size with 205/45 R17 RSC tyres.

The **R99 double-spoke light alloy wheel** comes in the 7 J x 17-inch size with 205/45 R17 RSC tyres. It is also available in grey metallic and polished finishes.

The **chequered flag wind deflector** lets you enjoy more comfortable open-top driving without irritating draughts around the neck and shoulders. When not in use, it can be folded away and kept in a space-saving storage bag in the luggage area.

Giving the MINI Cabrio an even sportier look: the **Aerodynamic kit**, **additional headlights** and **chequered flag exterior mirror caps**. The Aerodynamic kit consists of front and rear bumpers and side skirts in body colour, plus fog light mountings and a special radiator grille in black.

The **MINI Junior Seat I-II**, with or without ISOFIX child seat mounting, has a height-adjustable and reclinable backrest and an impact cushion suitable for children weighing between nine and 18 kilograms. It is also fitted with a seatbelt.

The **collapsible box** for the luggage area folds away quickly, and is held together with Velcro fastenings. It holds up to 20 kilograms of stuff and comes in black with a MINI logo.

The **Digital POWER SoundModule** is an amplifier/loudspeaker package designed to get the most out of the Radio Boost, giving a powerful bass-driven sound. Amplifier output is 660 watts, with a sound pressure level of 128 decibels.

³ The MINI One Cabrio, MINI Cooper Cabrio and MINI Cooper S Cabrio comply with the EU4 emission standard. Fuel consumption is determined in accordance with the EU driving cycle, made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption as such.

## DIMENSIONAL DRAWINGS

### MINI ONE CABRIO. MINI COOPER CABRIO.

### MINI COOPER S CABRIO.

All figures in millimetres.

Even when the soft top is closed, the MINI Cabrio still has a pleasing sense of space – front and back. There is plenty of width at elbow and shoulder height, while the upright rear windscreen ensures headroom is likewise maximized.

As well as being a sporty performer on the open road, the MINI Cabrio is also highly agile in a tight spot, with a turning circle of just 10.66 metres.

With the soft top down the boot has a capacity of 120 litres, rising to 165 litres when the top is up. The car also has an Easy Load function: the tailgate folds down and the rear section of the soft top swings up, making a wide opening for easier loading and unloading of bulky items. When both of the separately folding rear backrests are folded down, luggage capacity is increased to an impressive 605 litres.

A ramp brakeover angle of 10° prevents the car from grounding and makes parking in underground car parks a much less stressful experience.

## MAXIMUM SERVICE FOR YOU AND YOUR MINI CABRIO.

BY CHOOSING A MINI, YOU'RE ALSO CHOOSING OUTSTANDING SERVICE AND FINANCE OPTIONS.

### SERVICE.

**You can always rely on your MINI and on the back-up that comes with it.** In fact, you have a double safety net. Firstly, the whole of the MINI dealer network is there to help you, and secondly you can count on the support of your MINI specialist, who knows your car inside out and uses computerized diagnostic tools and information systems to keep it on the road.

Another important component of this service is the MINI's intelligent key, which stores basic data such as the chassis number, mileage and service interval status. When you take your MINI in for a service, all you have to do is hand over your key. Using a key reader, your MINI specialist can then retrieve all the data required and take care of things from there on in.

As a MINI driver, you can stipulate the extent of service support you opt for, but you will always be able to rely on a fast and helpful response from our dealers. Indeed, the MINI was specifically designed to make it quick and easy to maintain and repair. Long service intervals also help to keep running costs down.

The MINI service interval display is another BMW Group innovation, the product of more than 20 years experience. It automatically tells you when the car is due for servicing, and how far (to the nearest 50 kilometres) there is to go to it and to the next oil or brake fluid check. This comprehensive maintenance system is installed on every MINI as standard.

And in the unlikely event that your MINI breaks down, peace of mind is still guaranteed. All MINI owners are entitled to use the 24-hour Mobile Service (breakdown assistance), which includes towing, storage, hotel accommodation, hire cars and taxis.\*

For further information on MINI Service and what it includes, contact your MINI dealer or visit our website at [www.MINI.com](http://www.MINI.com).

\* The extent and duration of the MINI service may vary from country to country.

### MINI FINANCIAL SERVICES.

**The start of a beautiful relationship.** MINI Financial Services can help the course of true love to run smooth with a range of attractive options, including finance, leasing, and insurance. Whether you opt for MINI Lease or MINI Finance, there's sure to be a solution that's right for you. With MINI Financial Services, you can follow your head as well as your heart.

**Have your cake and eat it.** MINI Lease doesn't require you to pay a big up-front deposit. You are only paying for the use of the vehicle, not making capital repayments, so it's much better for your cash flow. The monthly rate you pay is determined by the length of the agreement, your annual mileage, and whether you choose to make a one-off payment, so you're in complete control. When the lease period ends, you have the option of buying the car outright – so no one can separate you from the object of your affection.

**What happens if your MINI needs to take a break?** Just because your MINI needs a service, that's no reason for you to be stuck with a lesser car. As a MINI customer, you will receive two vouchers per year from MINI Financial Services, each entitling you to a day's free use of a MINI courtesy car. This offer is exclusive to MINI Lease customers.

**Don't get your fingers burned.** If your car is stolen or written off in an accident, there is sometimes a shortfall between its actual value and the replacement cost. But with Leasing Extra, we will make up the difference so you can replace your MINI as quickly as possible.

**A quick fling or a lifelong passion?** MINI Select Finance offers the perfect combination of finance and leasing options, with a choice of terms and low, fixed monthly payments. When the agreement ends, you can buy your MINI outright, continue to lease it at low cost, or simply return it – because MINI Select Finance includes a dealer buyback guarantee. Fun without commitment.

**In sickness and in health.** We recommend taking out credit protection. That way, if you are unable to work due to illness or accident, your repayments will be covered, starting from the second monthly payment after you become unfit for work. In the event of a customer's decease, any outstanding debt will be paid off in full.

For more information on these or other leasing, finance and insurance products, please contact your MINI dealer.

#### **RECYCLING.**

At every stage, from design to disassembly, recycling is central to the MINI philosophy. For example, all the materials used in its manufacture were selected because they can be used in a sustainable and environmentally friendly way. And every MINI is built to be easily and economically recycled when its driving days are finally done. We have been working on this approach since 1994 at the BMW Group Recycling and Disassembly Centre in Munich, the only facility of its kind. Your MINI dealer will also be pleased to advise you on the disposal of your old vehicle.

#### **WARRANTY.**

Every MINI is supplied with a 2-year unlimited mileage dealer warranty. (This excludes wear-and-tear parts.)

Every MINI also comes with a 12-year anti-corrosion warranty, which covers the vehicle against rusting of the body panels. This warranty is dependent on any previous damage to the vehicle body or under-body (e.g. stone impact damage, scratches, dents, accident damage or other damage caused by environmental factors) having been correctly repaired in accordance with current MINI guidelines.

The painted surfaces of the car are covered by an extended 3-year warranty. This excludes any damage to painted surfaces caused by external or environmental factors.
