MINI COLLECTION. 2006/2007.

THE COLLECTION FOR THE NEW MINI. 2006/2007.

KEEP ON MOVING. It's an attitude. A mindset that opens the way to new things. Like the new MINI. And MINI Collection. Feel the power of evolution. It's expressed in Six Senses, an exclusive MINI Collection fashion motif. In the new Miniatures. And the Cuckoo Clock, which is circled by a little MINI model at every full hour. Take your inspiration from MINI. Move on. Even if it's just to the next page.

VANCOUVER. 8:30 AM.

The last clubs are closing. Time to finish your drink, put on your MINI Jacket and find a café. The sunlight is bright. The day is still young. When you're young, you don't think about tomorrow.

STOCKHOLM. 5:30 PM.

Is the day over? Is it evening already? Don't ask. Head off. Time waits for no one. Nor does the city. Stockholm has 14 islands. Perhaps, this night will have 14 hours. That would give you one hour per island. And only one thing could tell you when to move on to the next one: the MINI Collection Watch.

RIO DE JANEIRO. 10:00 AM.

Time for a journey of discovery. Like Columbus. He was looking for India. And found America. Just like many a person who looks for a hip café in Rio, and ends up in an underground lounge. Not a problem, as long as you find your MINI Key Ring at the end of the night. And your way home.

DETROIT. 9:00 AM.

The best alarm clock is the sun. Warm. And gentle. Just like it should be. Stay in bed? No. Breakfast? Yes. Time to go out. The sun has made the city come alive. The streets. The cafés. Time to show yourself. With MINI COLLECTION. BASICS.

MANCHESTER. 9:30 PM.

The night is calling. What to wear, the Shirt or the Sweat Jacket from the MINI Collection? The first decision of the evening. And then: taxi or bus? Caipirinha or Mojito? House or hip hop? Your place or mine? Well, first things first – the shirt. The rest will follow by itself.

MONTE CARLO. 10:30 PM.

Cities don't awaken in the morning. They come alive in the evening. As night falls, Monte Carlo lights up. Everything sparkles. The casinos. The marina. The eyes. A light that touches all the senses. All night long. Until the casinos close. Until the eyes fall shut. Until morning approaches.

TIME FOR MINI

Everything is relative, Einstein said. Even time. True enough – ten minutes of kissing pass more quickly than ten minutes at the dentist. Two hours in a museum seem longer than two hours in the cinema. You don't agree? Well, there's your proof. Time is relative.

CUCKOO CLOCK

Every moment of time is unique. Enough reason to make every second count. The MINI Cuckoo Clock is sure to become a cult hit. Clock face based on the MINI speedometer design. Classic chrome look. Every full hour, a detailed miniature of a Chili Red MINI, 1:93 scale, emerges from the garage at the bottom and circles the entire clock, accompanied by the original MINI engine noise and horn sound.

ILLUMINATOR

Lighting object

If you keep moving, you always see the world in a new light. For example in your living room: with its illuminated, textile-covered ring and modern LED technology, the Illuminator creates engaging colour changes using all the spectral colours. Three different settings: slow colour change, permanent red or permanent blue. The latter two are for all those who already have enough movement in their lives.

TORONTO. 8:00 PM.

Prime time in the city. With 5 million extras, and one star – that is, if you decide to go out. And there are many good reasons to do so. For example, the Basic Long-sleeved Polo Shirt. Or MINI Collection Eyewear. There's only one reason to stay home. And that has an off button.

BARCELONA. 2:00 AM.

The rhythm of the city. It's like a heartbeat. At times you can feel it. It's in the waves, in the bass lines, in the rhythm of the lights, in people's eyes. So put on your Canvas Jacket from the MINI Collection and head for the next bar. The next DJ. The next street. Another slice of life.

CAUTION!
KIDS CROSSING.

Discovering new horizons. Time and again. That's one thing children do better than adults. But you can join them. MINI COLLECTION. FOR KIDS. Go ahead - nurture your inner child.
