

ANOTHER DAY. ANOTHER ADVENTURE.
THE NEW MINI ROADSTER.

MAKING EVERY CORNER A BREATH OF FRESH AIR.

Now every corner is an experience to remember. Laid-back styling, smart technology and the trademark MINI driving experience make this two-seater a stimulating companion on any road trip. The punchy engine of the MINI Roadster powers it on towards its next adventure. And if you'd rather face that with the roof up, then that can be arranged in a matter of seconds with a push of a button.

YIPPIE. YEAH. WOW. (THREE WORDS YOU HEAR A LOT FROM ROADSTER DRIVERS.)

Packed with good ideas: the roll-over bar in polished stainless steel, an automatically extending rear spoiler and a through-loading hatch between the cabin and the 240-litre luggage compartment. Features designed with the head, so you can follow your heart, and enjoy motoring unplugged.

ROCK 'N' ROADSTER.

Following in the tyre tracks of a legend: the first MINI John Cooper Works Roadster has a rich tradition of driving fun to live up to. For extra excitement, it comes with a Sport button and an overboost function. And an aerokit fitted as standard, an exciting range of interior equipment and optional exclusive Recaro sport seats, featuring Dinamica/leather combination upholstery in Carbon Black*, are sure to get hearts beating even faster. So climb in, and get ready to rock.

¹ Preliminary figures at time of going to print, subject to change. All figures relate to vehicles with the standard six-speed manual transmission. Figures in square brackets relate to vehicles with six-speed Automatic Transmission Steptronic.

² All MINI models comply with the EU5 exhaust emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (as defined in directive 80/1268/EEC), made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured separately from fuel consumption. Figures relate to standard-specification vehicles, and may vary significantly where optional equipment (including wider tyres) is fitted.

³ With overboost function.

⁴ Assuming car is fuelled to 90% of usable tank capacity, and allowing 68 kilograms for the driver and 7 kilograms for luggage. Figure quoted is for standard-specification vehicles. Optional equipment will increase this figure.

⁵ For technical reasons, engine performance is reduced when it is tuned to avoid carbon deposits.

SHOW YOUR TRUE COLOURS.

The MINI Roadster is available in two non-metallic and six metallic paint finishes. Pepper White? Chili Red? Or Spice Orange, maybe? Whichever you choose, you're guaranteed to look good. And in the great tradition of British headwear, there's a fabric soft top in Black to top it all off. The armrest in the door and the knee roll are available in five Colour Line colours, while there is a choice of seven different options for the interior surfaces. And then there's the 13 different upholsteries on offer for the seats. Good luck choosing!
