1 iPod interface*

Connect your Apple iPod, iPod nano, iPod Mini, iPod Photo or iPod Video to the interface and enjoy all of your favourite tracks through the MINI's sound system using a small cable hidden away in the glovebox. It's easy to change tracks as you can control your iPod using the radio, multifunction steering wheel or MINI joystick and you don't need to worry about your iPod battery life, as it charges itself while you're on the move.

The iPod interface supports the following functions:

- Playback of all tracks stored in the iPod.
- Track search by artist, album, playlist or genre using the on-board monitor or radio display.
- Podcast playback.
- Play the tracks in the current list for 10 seconds each using the scan mode.
- Repeat the current track.
- Jump to the next or previous track.
- Fast forward.

GIVE IT THE WORKS.

The motor sport heritage, eye-catching looks and unbeatable road holding of a MINI fitted with John Cooper Works accessories, reflects the passion of three generations of the Cooper families' expertise and unbridled passion for motor racing.

John Cooper Works accessories, including a selection of 18" alloy wheel designs, sport brakes, carbon-fibre exterior products, and leather/Alcantara interior trims all add a muscular, dynamic look to the new MINI. Not to mention the striking aerodynamic kit which exudes performance and further beefs up the new MINI's already sporty appearance. But don't be mistaken into thinking the aerodynamic kit is all about looks – it also improves handling and grip.

A separate brochure displaying the full range of John Cooper Works products and accessories is available. Please speak to your local MINI Dealer for a copy of the brochure or for further details.
