## DEALER-INSTALLED ACCESSORY WARRANTY

The best time to order your MINI Accessories is when you order your MINI. When your original MINI Accessories are installed by your dealer in or on your MINI prior to delivery, the accessories will carry the full new vehicle warranty. If the installation is made by your dealer after the retail sale of your MINI, the accessory will be warranted for the balance of the new vehicle warranty period, or one year from its date of installation, whichever is greater. That's what we call customizing with confidence.

All MINI Motoring Accessories fit both the MINI Cooper and Cooper S unless otherwise specified.
