EIGHT STEPS TO YOUR VERY OWN MINI.

MINI, MINI Cabrio, MINI Clubman. Whichever model you want, this brochure will help you put your very own MINI together. The symbols at the top of the page will guide you through the process step by step. In fact, you're just eight steps away from your very own MINI. Step one is to choose the model and engine you're interested in. Then, in step two, you can find out all about the new MINI Yours customization programme and the exclusive design features that it offers. Steps three, four and five are where you can decide the look and feel of your MINI down to the last detail. What exterior colour is right for you? What seats, upholstery and wheels? In step six, you can equip it with all the information and entertainment systems you want, like the Radio MINI Visual Boost and MINI Connected. And steps seven and eight, performance and accessories, add the finishing touches.

1. MODELS.

MINI.

Whether you choose the MINI Cooper or MINI Cooper S, with the MINI, stylish looks are guaranteed. On the MINI Cooper and MINI Cooper S, the roof and exterior mirror caps come in a choice of Black or White, in addition to the standard body-colour finish, and MINI Cooper models also feature a central rear fog light and Chrome plating of the radiator grille slats, tailpipe and tailgate handle. The MINI Cooper S features a wealth of details that underline its exceptional performance, including Chrome side scuttles and fuel filler cap, White direction indicator lights, a hexagon-mesh radiator grille, and decorative air intakes in the bonnet and lower radiator grille. At the back, the rear apron and spoiler come in a special Cooper S design, and there is also a Chrome-plated double-pipe exhaust system and two separate rear fog lights. All MINI models share the same distinctive LED rear lights.

MINI CABRIO.

The MINI Cabrio is packed with eye-catching details in all its variants, from MINI Cooper Cabrio to MINI Cooper S Cabrio. The MINI Cooper Cabrio features Chrome-plated radiator slats, tailpipe and tailgate handle, and the soft top is available in a choice of three colours: Black, Hot Chocolate, and Denim Blue with Silver effect. The MINI Cooper S Cabrio, meanwhile, has a highly dynamic look, with liberal use of Chrome in the radiator, side scuttles, double-pipe exhaust system and roll-over bar. There is also a hexagon mesh radiator grille, White direction indicator lights, and a striking rear apron with fog lights at either side, plus decorative air intakes in the bonnet and lower radiator grille. All MINI Cabrio models feature stylish LED rear lights.

MINI CLUBMAN.

Available as the MINI Cooper Clubman and MINI Cooper S Clubman, both feature LED rear lights and the large Clubdoor. On the MINI Cooper Clubman and MINI Cooper S Clubman, the roof and exterior mirror caps come as standard in either Black or Silver, matching the C-pillars. The C-pillars come in a choice of Black or Silver, with a body-colour option also available in conjunction with selected paint colours. The MINI Cooper Clubman also features a Chrome-plated exhaust tailpipe and Chrome-plated radiator grille slats. The MINI Cooper S Clubman, meanwhile, oozes power from every angle, with its hexagonmesh radiator grille, and decorative air intakes in the bonnet and lower radiator grille. On the flank, there are Chrome-plated side scuttles with White direction indicator lights, and at the rear there are two Chrome-plated tailpipes, one in each corner.

2. MINI YOURS CUSTOMIZATION PROGRAMME.

MINI YOURS

STYLE YOUR CAR. WITH THE MINI YOURS CUSTOMIZATION PROGRAMME.

If you appreciate great design and like to be special, then the MINI Yours customization programme is the perfect way to make your MINI even more individual. The new Highclass Grey Metallic and Laguna Green Metallic special colours are only part of the story. New light-alloy rims, new exterior mirror caps, new bonnet stripes, a wealth of further options and a complete exterior package will all give your MINI even more personality, and help you get even more fun out of it.

3. COLOURS AND UPHOLSTERY.

MINI ROOF COLOURS.

On MINI Cooper and MINI Cooper S models, both the roof and the exterior mirror caps come as standard in body colour, but a contrast roof in either Black or White, with matching exterior mirror caps, is also available as an option.

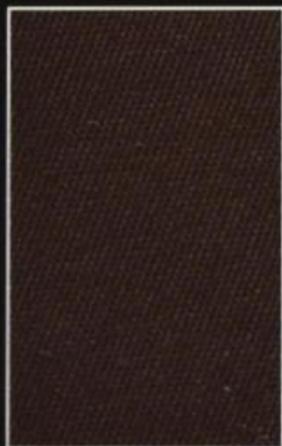

MINI CABRIO SOFT TOP COLOURS.

The soft top of the MINI Cabrio opens and closes automatically in just 15 seconds, and incorporates a continuously variable sunroof function. There is a choice of three soft top colours – Denim Blue with Silver effect, Hot Chocolate, or classic Black. Whichever option you go for, the inside of the soft top is always Black.

MINI CLUBMAN COLOUR COMBINATIONS.

The MINI Clubman offers many different colour combinations for the roof, exterior mirror caps and C-pillar. On the MINI Clubman models, a contrast roof in Silver or Black comes as standard, with exterior mirror caps and C-pillars in the same colour. If you decide to have the roof in body colour, then you can choose whether you prefer Black or Silver for the C-pillars.

⁴ Only for MINI Clubman.

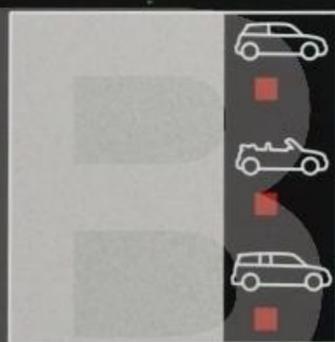

3. COLOURS AND UPHOLSTERY.

INTERIOR.

As you'd expect from MINI, the design and layout of the interior surfaces, door grips and decorative rings are as impressive as the range of options. Depending on the model, different Colour Line colours are available for the knee roll and the armrests in the doors, all of them harmoniously matched to the surface finish on the instrument panel.

INTERIOR DESIGN ELEMENTS.

To create the look of the interior, different Colour Line colours are available for the knee roll and the armrests in the doors. You can also choose an interior surface for the decorative trim finisher and door ellipses, and a leather option for the instrument panel. The MINI Yours leather-upholstered instrument panel in Black/Satellite Grey coordinates harmoniously with the MINI Yours Soda interior surface in Highclass Grey and the Satellite Grey Colour Line.

- 1 **Colour Line** (comprises armrests in the doors and knee roll)
- 2 **Interior surfaces** (comprises decorative trim finishers and door ellipses)
- 3 **Instrument panel**

For more variety, there is also a MINI Yours leather-upholstered instrument panel available in Black/Polar Beige. The stitching of the gearshift and handbrake gaiters is either Satellite Grey or Polar Beige, depending on the colour selected for the instrument panel.

John Cooper Works racing passion in its ultimate form for all MINI, MINI Cabrio and MINI Clubman models: the instrument panel upholstered in fine leather and knee roll in Dinamica Anthracite make the perfect finishing touch.

MINI Yours leather-upholstered instrument panel in Black/Polar Beige

John Cooper Works leather-upholstered instrument panel in Black/Anthracite

4. EXTERIOR DESIGN AND WHEELS.

1. Bonnet stripes in White

2. Bonnet stripes in Black

3. Bonnet stripes in Silver

4. Exterior mirror caps in Chrome

1 Bonnet stripes in White are available as an option on MINI and MINI Cabrio models (only in conjunction with a contrast roof in White on the MINI). They are separated from the body colour by a thin Black border.

2 Bonnet stripes in Black are available on all MINI models with a Black roof. They feature a border in White (on the MINI/MINI Cabrio) or Silver (on the MINI Clubman).

3 Only available in conjunction with a roof in Silver and exclusive to the MINI Clubman, the bonnet stripes in Silver feature a thin Black border.

The exterior mirrors are electrically adjustable and can be folded away if required. An aspherical glass on the driver's side minimizes the size of the blind spot.

When the roof of the MINI Cooper and MINI Cooper S models is Black, then the exterior mirror caps are painted brilliant Black. For the Cabrio models, the colour of the mirror caps and the colour of the roof can be chosen separately. On the MINI Cooper and MINI Cooper S, the exterior mirror caps are also available in White in conjunction with a White contrast roof. On the MINI Cooper Cabrio and MINI Cooper S Cabrio, the exterior mirror caps are also available in White in conjunction with the Infinite Stream Spoke light-alloy rims in White.

6. MINI Yours Tattoo Funky

7. MINI Yours Tattoo Funky

8. MINI Yours Tattoo Glorious

9. MINI Yours Tattoo Glorious

On the MINI Cooper Clubman and MINI Cooper S Clubman, the **exterior mirror caps** are also available in **Silver** in conjunction with a Silver roof.

The **exterior mirror caps** are available in **body colour** as an option when this colour is also specified for the roof.

4 **Exterior mirror caps** in **Chrome** are available as an option in conjunction with any roof colour.

5 **The MINI Yours Soda exterior mirror caps** are covered with magnetic foil, for an arresting, almost three-dimensional effect that gives your MINI an avant-garde look.

6 – 9 **MINI Yours Tattoos**. Distinctively stylish, quintessentially British – and as individual as you are: the MINI Yours Tattoo Glorious and Tattoo Funky are two graphic packages that make your MINI even more reflective of your personality. The high-quality decals are car-wash-resistant, and can be removed when required without leaving behind any residue.

4. EXTERIOR DESIGN AND WHEELS.

1. Chrome Line Exterior

2. Chrome Line Exterior

3. Chrome Line Exterior

4. Chrome Line Exterior

1 2 Add some sparkle: the **Chrome Line Exterior** is a subtle way of making a big impact at the front of your MINI.

MINI Cooper: includes Chrome edging for the lower front grille, and Chrome surrounds for the front fog lights.

MINI Cooper S: Chrome edging for the brake-cooling air ducts in the lower front bumper.

**A GREAT VIEW
FOR THOSE
LEFT IN YOUR
SLIPSTREAM.**

3 - 7 The Chrome Line Exterior helps the rear of your MINI to stand out, too:

MINI Cooper: Chrome edging for the central rear fog light. The MINI Cooper Cabrio also gets a Chrome-plated roll-over bar with a Piano Black inlay.

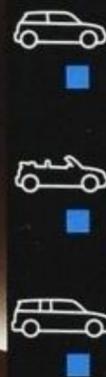

MINI Cooper S: Chrome edging for both rear fog lights, Chrome-plated tailgate handle. On the MINI Cooper S Clubman, there is a Chrome edging for the grille in the rear bumper.

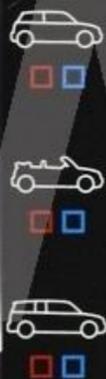

4. EXTERIOR DESIGN AND WHEELS.

1. White direction indicator lights

2. White direction indicator lights

3. MINI Yours Soda side scuttles

4. Roof rails

1 2 The **White direction indicator lights** option comprises transparent glasses for the indicators in the front headlights, side scuttles and rear lights.

3 **MINI Yours Soda side scuttles** apply the perfect finishing touch to the look of your MINI, and are available in conjunction with other MINI Yours options.

4 The **roof rails** allow drivers to mount a range of integrated multifunctional carrier systems on the roof. They blend harmoniously into the lines of the car, and are finished in Matt Black. Maximum load is 75 kg.

5. Exhaust tailpipe

6. Double exhaust tailpipes

7. MINI Cooper S/SD Clubman exhaust tailpipes

5 The striking **exhaust tailpipe** on MINI Cooper models is Chrome-plated with a rounded edge.

6 The Chrome-plated **double exhaust tailpipes** on MINI Cooper S and MINI Cooper S Cabrio models are located in the middle of the rear apron.

7 The two Chrome-plated **exhaust tailpipes** on the MINI Cooper S Clubman are located near the outside edges of the rear apron, adding emphasis to the powerful yet elegant look of the car's rear end.

The **trailer tow hitch** with removable ball head is available as an option on the MINI Cooper Clubman models, and is suitable for towing loads of up to 750 kg. Available as an option on all MINI Cabrio models, the **rear-mounted rack preparation** for multifunctional carriers, such as bicycle carriers from the Original MINI Accessories range, is located in the rear apron, and concealed behind a cover in body colour.

Available as an option on all MINI and MINI Clubman models, **sun protection glazing** reduces the build-up of heat in the interior of the car caused by strong sunlight, making things more comfortable for the occupants. Where this option is specified, the glass is visibly darker from the B-pillars backwards (including the rear windscreen).

In addition to the factory-fitted wheel sets, certain wheel designs are also available as winter wheel-and-tyre assemblies.

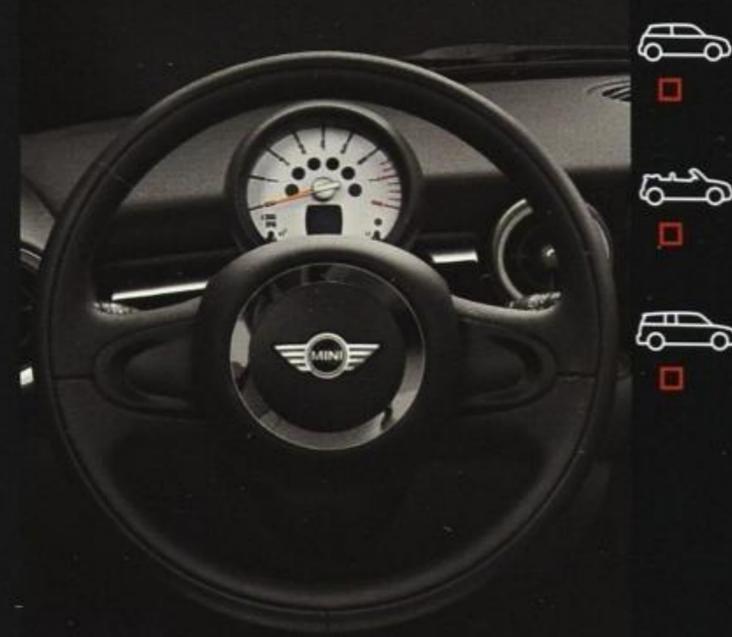

5. INTERIOR DESIGN.

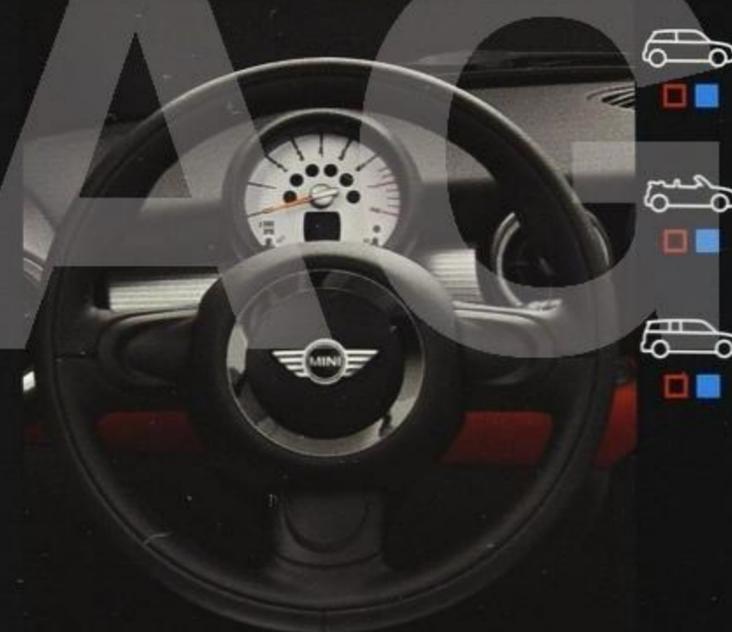

1. Interior

1 Stylish, distinctive and unmistakably MINI, right down to the last detail: the instruments and controls are harmoniously designed and laid out for intuitive ease of use. The centre console with radio controls and its characteristic switch cluster is finished in a muted Black, with the Chrome elements in the steering wheel and around the instruments making a sporty and sophisticated contrast.

The **two-spoke standard steering wheel** comes as standard on all MINI Cooper models, and has a driver airbag built in. The horn is sounded by pressing the impact absorber with its Chrome ring.

2. Two-spoke leather steering wheel

3. Three-spoke sports leather steering wheel

2 The **two-spoke leather steering wheel** has a driver airbag built in. The wide Chrome ring is an eye-catching design detail.

3 The **three-spoke sports leather steering wheel** is available as an option on all MINI models. It sits comfortably in the hand, for even more agile handling. The **three-spoke sports leather steering wheels** are available with a multi-function option, allowing drivers to operate cruise control, radio and telephone functions without taking their hands off the wheel.

4. MINI Yours Soda sports leather steering wheel

5. Headliner in Anthracite

6. Light package

4 Extravagant style: the two-tone multifunctional **MINI Yours Soda sports leather steering wheel** feels as good as it looks. Its Carbon Black/Satellite Grey colour combination goes perfectly with the MINI Yours Lounge leather seats in Satellite Grey.

5 A **headliner in Anthracite** is available for MINI and MINI Clubman models. Available as an option on all MINI models, the **centre armrest** in the front folds up and down, and includes a storage compartment.

6 In addition to the standard interior light in the headliner, the **light package** includes handle-area illumination in the door trim, reading and footwell lights in the front, and illuminated vanity mirrors. The Ambient Lighting for the door handles, door storage compartments, B-pillar trims and instrument panel backlight is steplessly adjustable between the whole spectrum of colours.

Available as an option on all MINI models, the **smoker's package** consists of a cigarette lighter and a removable ashtray.

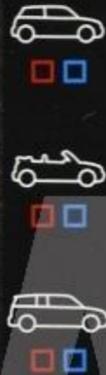

5. INTERIOR DESIGN.

1. Chrome Line Interior (speedometer)

2. Chrome Line Interior (gear lever)

3. Chrome Line Interior (cupholder)

4. Chrome Line Interior (door handle)

5. Chrome Line Interior (loudspeakers)

6. Chrome Line Interior (belt ring)

1-6 The **Chrome Line Interior** includes Chrome plating for the instruments, instrument-panel air vents and the ring around the gear lever gaiter on all MINI models. On MINI Cooper S models, and on cars where an optional surface finish or upholstery in leather or cloth/leather is specified, a Chrome trim is also applied to the centre cupholder in the rear, the door handles and the loudspeakers in the doors, while on MINI Cabrio models, a Chrome finish for the belt rings is also included.

Available as an option, **ISOFIX** (illustration shows child seat from the Accessories range) is an industry-standard system whereby a baby or child seat fitted with two telescopic bars at the rear can be safely and securely mounted on the rear seat bench.

All MINI models are equipped with an **easy entry function**. When the seat is folded forwards, it automatically glides towards the glove compartment to give easier access to the rear seats.

7. Separately folding rear seat backrests

8. Flat load-compartment floor

9. Storage package

10. Wind deflector

7 The **separately folding rear seat backrests** (50:50 split) can be put into the flat position from the luggage compartment, allowing the car to carry bulky objects and three people at the same time. When both rear seat backrests are folded down, depending on the model there is as much as 930 litres of luggage space. On the MINI Clubman, a **three-seat rear seat bench** is available, with three headrests and space for two adults and one child (weighing up to 49 kg).

8 The rear seat backrests in MINI Clubman models fold down separately. The **flat load-compartment floor** makes for easier loading and unloading. Items can be secured to the four lashing eyelets.

9 The **storage package** includes a storage compartment in the decor surface on the passenger side, and a storage net in the front passenger footwell, plus a floor net, a side separating net and a 12-volt power socket in the luggage compartment. It also enables the angle of the rear seat backs to be adjusted, so they can be moved into the cargo position.¹

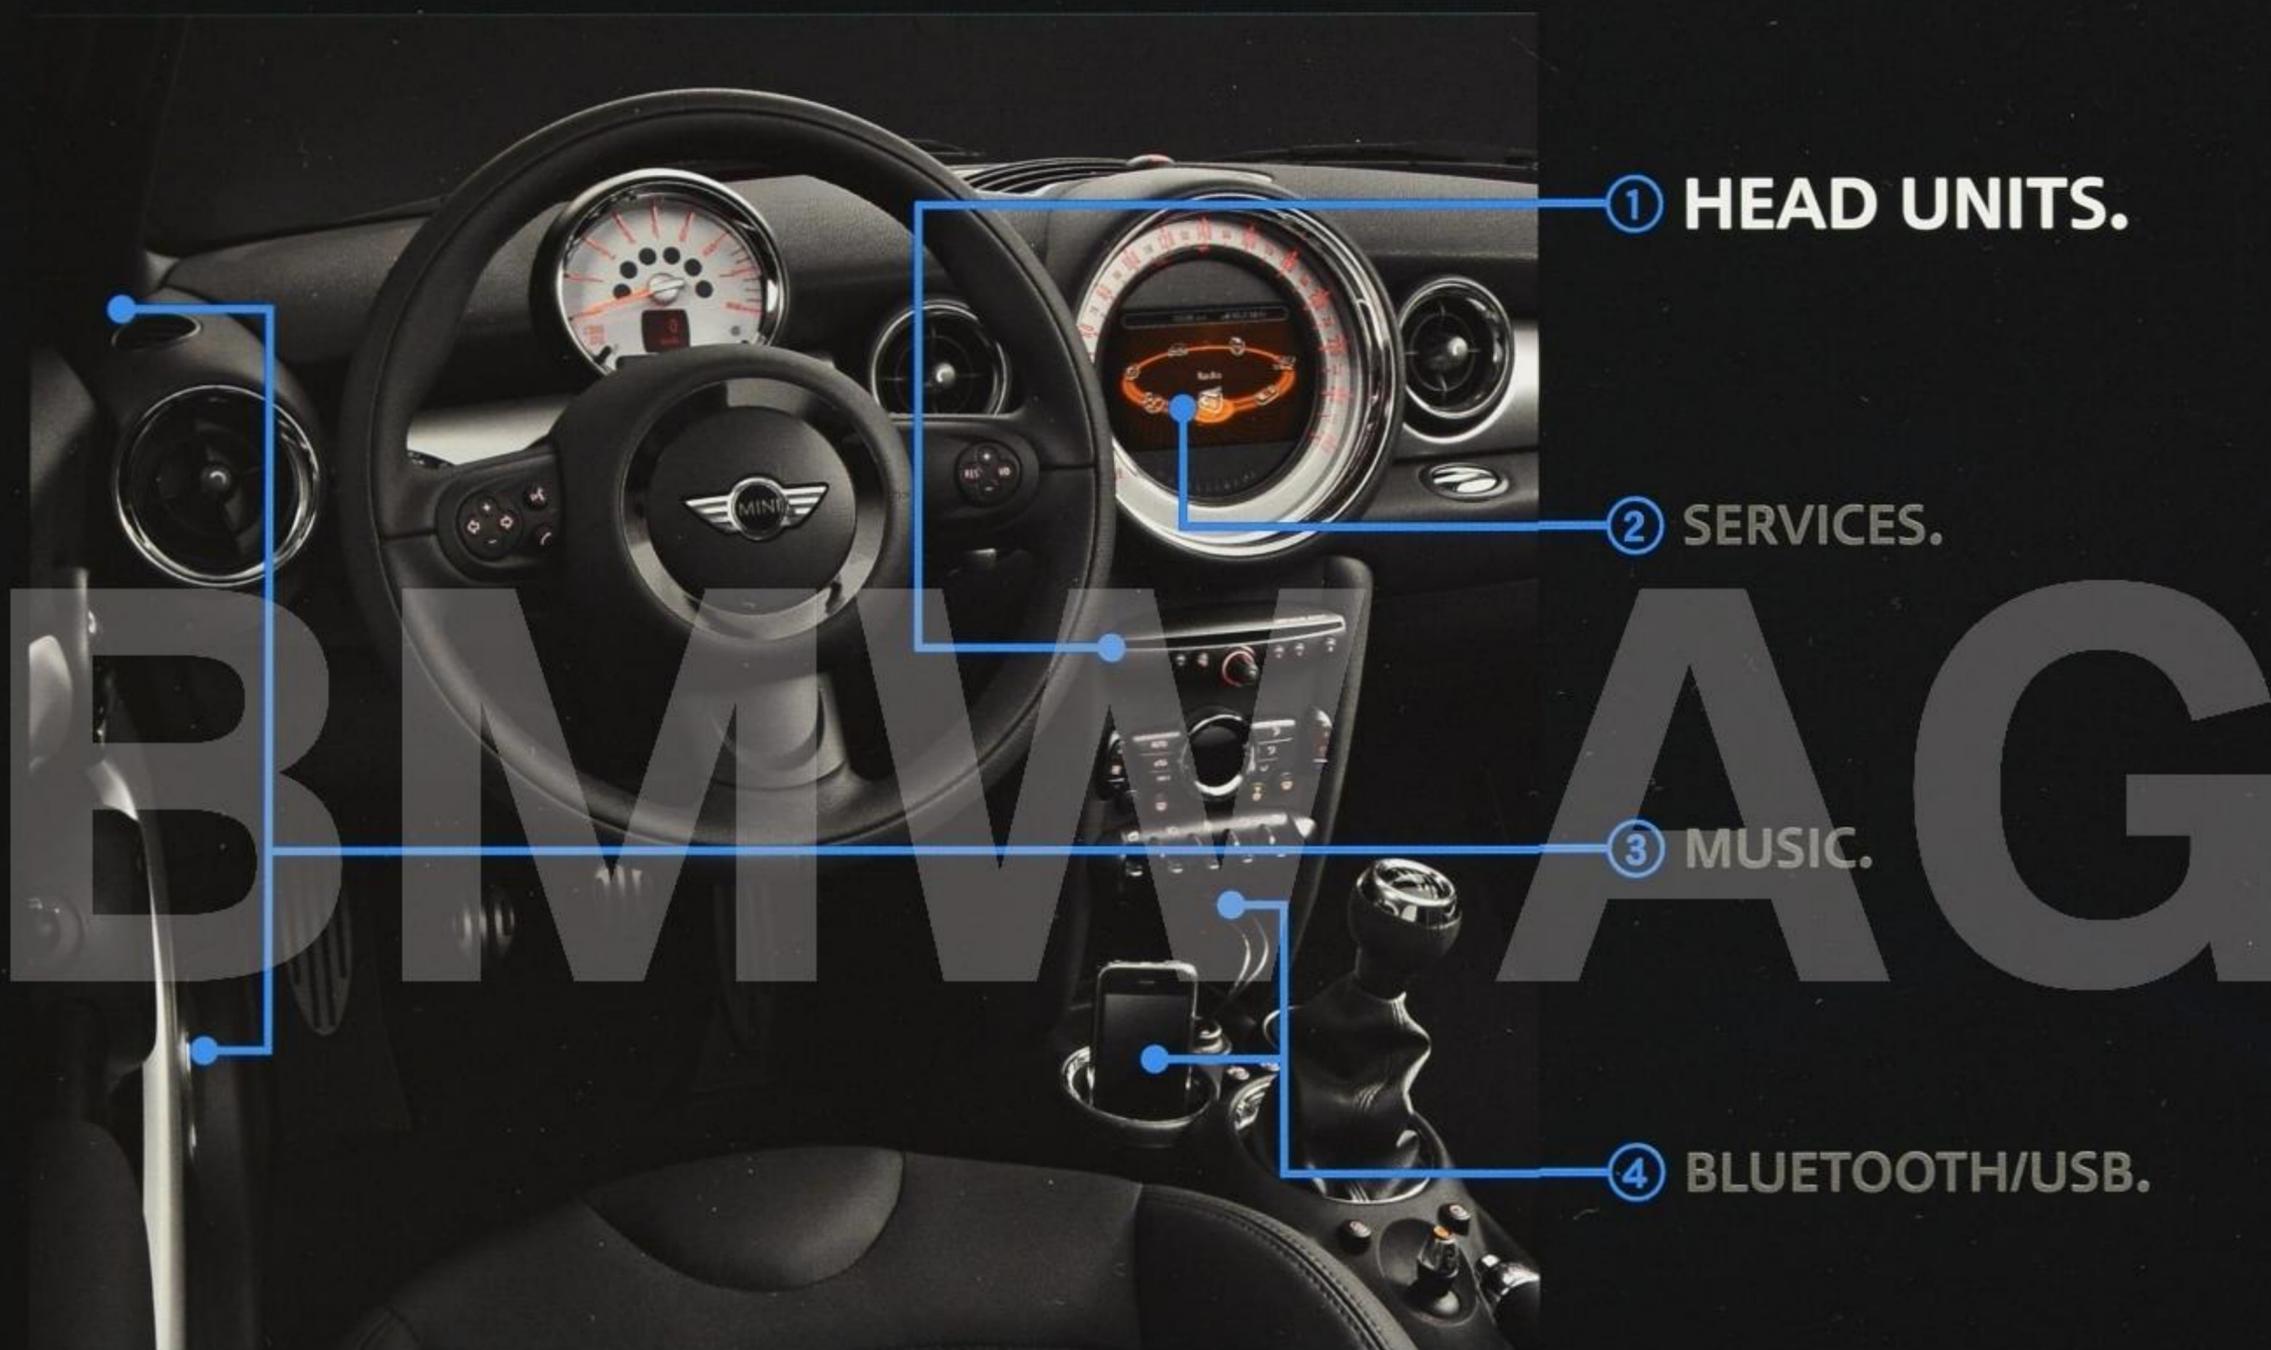

10 The **wind deflector** lets you enjoy more comfortable open-top driving without irritating draughts around the neck and shoulders. When not in use, it folds down to a compact size for transportation in the luggage compartment.

¹ Included as part of storage package on all MINI and MINI Clubman models.

6. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

JUST FOUR STEPS TO A WHOLE NEW WORLD.

Tailor information, communication and entertainment functions to your personal preferences in four easy steps. First you have to choose a head unit – with its large display, the Radio MINI Visual Boost in particular opens up a whole new world of interactive possibilities. You can then choose the services, music and Bluetooth/USB options that are right for you: from MINI Connected to the MINI navigation system. (The brochure shows a selection of these.) Whether you want technology that keeps you connected or navigation that keeps you on the straight and narrow (or even both), you're sure to find a solution that meets your requirements.

Fitted as standard, the **Radio MINI CD** includes an RDS tuner with scan function, permanent clock display and FM, MW and LW reception, and a built-in CD player with MP3 decoder, featuring intro scan function and fast forward/rewind. The system also features six speakers, and an AUX-IN connection for MP3 players.

■ The **Radio MINI Boost CD** shares all the features of the Radio MINI CD, but also has a two-column display, antenna diversity for optimum reception, controls for external audio players and the like, a Bluetooth mobile phone preparation and a DAB radio tuner.

MINI Cabrio
MINI Clubman

① HEAD UNITS.

1. Radio MINI Boost CD

2. Radio MINI Visual Boost

② SERVICES.

3. MINI navigation system

2 The **Radio MINI Visual Boost** has all the features of the Radio MINI Boost CD, and then some. The high-resolution 6.5-inch display incorporates an intuitive control interface with a distinctive MINI look and feel, and a Bluetooth hands-free kit with USB interface, an on-board computer and an audio/video adapter for the Apple iPod/iPhone are also included. The built-in video function (in conjunction with compatible video-capable Apple devices) allows movie files to be watched on the display when the car is stationary. The Radio MINI Visual Boost is "MINI Connected ready", meaning that for a fee it can be upgraded with the MINI Connected option.¹

3 The optional **MINI navigation system** turns the Radio MINI Visual Boost into a powerful navigation solution, with navigation instructions given via voice prompts and on-screen arrows and maps. It also includes day and night modes, a search function for points of interest, TMC reception via a double tuner, a GPS aerial and support for updates via the USB interface.¹

¹ For more information on the compatibility of different mobile devices with audio, video and telephone functions, visit MINI.com/connectivity

6. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

② SERVICES.

1. MINI Connected (main menu)

2. MINI Connected (Web radio)

1 2 Full speed ahead on the information super-highway: **MINI Connected** revolutionizes the world of in-car infotainment, offering a unique level of connectivity between MINI, driver and the online world. An all-new USB interface integrates the sophisticated features of your iPhone (not supplied) seamlessly into the audio and infotainment system of your MINI. Information and content are shown in the central display. The safe and highly intuitive user interface has a distinctive MINI look and feel, and is operated via either the MINI joystick or the multifunction steering wheel. The free accompanying MINI Connected iPhone app comes with a wealth of features, including Web radio, Facebook and Twitter support and Dynamic Music. And the revolutionary MINI Connected plug-in¹ means that the

functions of the iPod can for the first time be viewed and used in the car via the familiar Apple menu system. So iPod and iPhone users get the intuitive navigation they are used to, and can enjoy access to all the latest iPod functions when they're in their MINI. This chargeable, retrofittable option is compatible with all "MINI Connected ready" equipment options.²

¹ Additional optional equipment required.

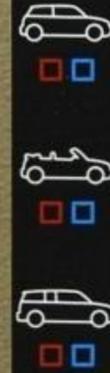

² Availability and range of features are dependent on the other equipment fitted, and may vary from country to country. Range and design of MINI Connected features subject to change without notice. Broadband mobile Internet access required. Costs resulting from this (e.g. data roaming) will be payable as specified in the contract with your network provider. MINI Connected app available free of charge from the device manufacturer's app store (subject to national restrictions). Updates are available free of charge, but version upgrades may be chargeable. For more information about device compatibility and the various features of MINI Connected, visit MINI.com/connectivity

5. Bluetooth hands-free kit with USB audio interface

6. Bluetooth mobile phone preparation with USB audio interface

3 4 harman/kardon hi-fi loudspeaker system: a digital multichannel amplifier, and a total of ten high-performance speakers seamlessly integrated into the vehicle interior deliver a unique sound experience, thanks to a total output of up to 480 watts, with powerful bass and brilliant treble.

5 The optional **Bluetooth hands-free kit with USB audio interface** connects wirelessly to Bluetooth-enabled mobile phones. The USB audio interface supports the connection of a device such as an iPod, USB memory stick or MP3 player. Users can select tracks stored on the device by album, artist, genre etc. via the radio or central display.³

6 The **Bluetooth mobile phone preparation with USB audio interface** option also includes a centre armrest and a three-spoke sports leather steering wheel with multi-function option and cruise control. Bluetooth-enabled mobile phones can be plugged into the armrest via a snap-in adapter (available separately), recharging their batteries and connecting them to the vehicle's external aerial for improved reception. A number of smartphone functions^{3,4} – including calendar, Bluetooth audio streaming and album artwork display – can also be accessed safely and easily via the car's radio system, especially where the Radio MINI Visual Boost is also fitted.

³ For details of device compatibility with audio, video and telephone functions, visit MINI.com/connectivity

⁴ Device-specific snap-in adapter required.

6. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

1. Speedometer

2. Speedometer

1 The large **speedometer** is positioned in the middle of the instrument panel, and incorporates various warning lights and the fuel gauge.

2 If the MINI navigation system or Radio MINI Visual Boost is fitted, then the **speedometer** runs round the outside of the central round instrument.

3. Start/Stop button

4. Revolution counter

5. On-board computer

6. Rain sensor

3 Once the key is in the ignition, the **Start/Stop button** can be used to switch the engine on or off.

4 The **revolution counter** is mounted on the middle of the steering column. The upper display shows the current speed, while the lower display shows information such as the trip distance.

5 The **on-board computer** tells you your range, current and average fuel consumption, and average speed at the touch of a button.

The **Condition Based Service (CBS)** system comes as standard on all MINI models, and warns you when the next oil change or service is due, with a digital countdown of the distance to the next service appearing in the lower display of the revolution counter.

6 When the **rain sensor** is activated, it automatically switches on the windscreen wipers when necessary, and adjusts their speed to how hard it is raining. The built-in light sensor automatically switches on the driving lights when needed in dark or twilight conditions.

6. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

1. Air conditioning

2. Automatic air conditioning

3. Visibility package

4. Seat heating

1 The **air conditioning** system with microfilter means passengers can enjoy their ideal interior temperature, whatever the conditions outside. The amount and distribution of conditioned air can be individually adjusted.

2 **Automatic air conditioning** rapidly adjusts the interior temperature to the desired level, and then keeps it constant. An integrated active carbon filter protects passengers against unpleasant odours from outside.

3 The **visibility package** ensures drivers can always see clearly. It includes a heated windscreen, a rain sensor and automatic driving light control.

4 The **seat heating** option allows both the driver and front-seat passenger to choose between three seat temperature settings.

5. Rear-view and exterior mirrors with automatic anti-dazzle function

6. Rear-view mirror with compass function

BMW

**SO YOU CAN ALWAYS
SEE WHAT'S GOING ON
AROUND YOU.**

7. Exterior mirror package

5 The rear-view and exterior mirrors with automatic anti-dazzle function dim the light from the headlights of following vehicles if this reaches a certain level of intensity.

6 With the rear-view mirror with compass function, an easily readable digital display is built into the mirror, showing which of the eight cardinal direction the car's current heading most closely approximates to.

7 If the exterior mirror package is specified, the exterior mirrors are heated, and can be folded away electrically. Windscreen washer jet heating is also included.

6. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

1. Comfort access system

2. Comfort access system

3. Park Distance Control (PDC)

4. Glass sliding/vent roof

5. Built-in sunroof

1 2 The **comfort access system** allows you to lock and unlock the car without even having to touch the key. Simply having one of the two keys in your pocket or handbag is enough. You can also switch the ignition on and off keylessly, simply by pressing the Start/Stop button.

3 **Park Distance Control (PDC)** at the rear makes it easier to park and manoeuvre in tight spaces. An acoustic signal (and a visual display, if the MINI navigation system or Radio MINI Visual Boost is also fitted) informs the driver of the distance between the car and any obstacle.

4 The large opening of the **glass sliding/vent roof** lets in plenty of fresh air. Electronic controls operate the front/rear vent function, and there is also a remote-control convenient opening function. Tinted glass or two detachable roller sunblinds built into the central section of the roof protect the occupants from bright sunlight.

5 The **continuously variable built-in sunroof** allows a gap of up to 40 cm to be opened in the soft top. It can be operated even while the car is on the move, at speeds of up to 120 km/h.

SEE JUST HOW SUNNY LIFE CAN BE.

6. Always Open Timer¹

40
41

6 The **Always Open Timer**¹ keeps track of every minute you spend with the top down. It starts running as soon as the soft top is fully open and the engine is on.

The trip counter goes up to seven hours, and the total time spent with the top down is logged by the on-board computer.

¹ Only available in certain countries.

6. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

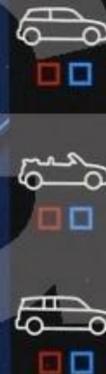

1. Bi-xenon headlights

2. Adaptive Headlights

3. Black headlight reflectors

4. Fog lights

1 The optional **bi-xenon headlights** for low and full-beam settings, with headlight beam-throw control and headlight washer system, offer particularly powerful illumination.

2 The **Adaptive Headlights**, featuring automatic headlight beam-throw control, ensure optimum illumination whether driving in city or country, and allow drivers to see further ahead on the motorway. Sensors measure the steering angle, rate of turn and vehicle speed, and electric motors then adjust the position of the light beam accordingly to suit the speed and direction of the car (only available in conjunction with bi-xenon headlights, not available in conjunction with Black reflectors).

3 The **black headlight reflectors** are available in conjunction with bi-xenon headlights and White direction indicator lights.

4 The **fog lights** are built into the front apron, and offer improved safety when visibility is poor.

MINI Clubman

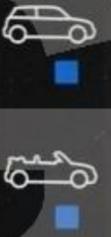

5. LED rear lights

6. LED rear lights with built-in rear fog light

7. Rear fog light

8. Rear fog light

5 6 The new **rear lights** incorporate **LED technology**. The direction indicator light is positioned in the centre of the unit as a ring around the tail light, with the brake light split into two sections, one above and one below. The distinctive LED light ring makes the MINI easily identifiable from a distance, even at night. On MINI Clubman models, the rear fog light is built into the driver's-side rear light unit and the reversing light is built into the passenger-side rear light unit.

7 The **rear fog light** in the centre of the bumper also incorporates the reversing lights to the right and left, which light up in white when reverse gear is engaged.

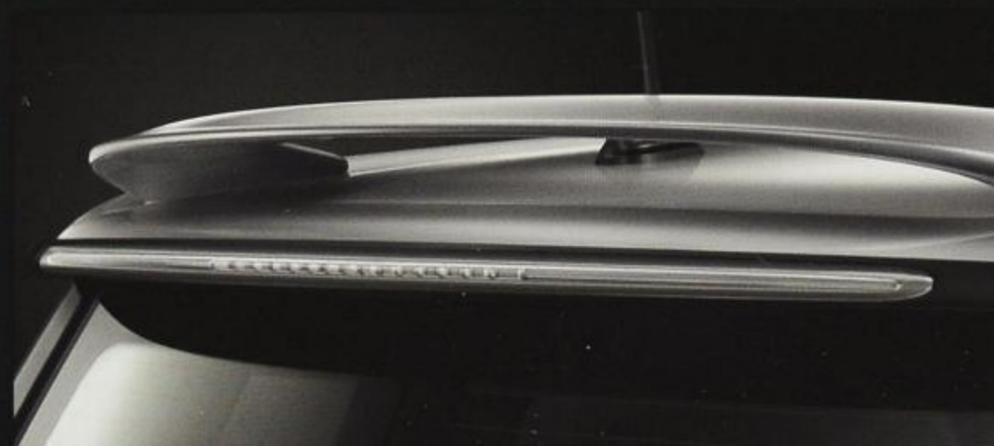

8 The **rear fog lights** built into the grille of the bumper at left and right likewise incorporate the reversing lights, which light up in white when reverse gear is engaged.

7. PERFORMANCE.

1. Rear spoiler

2. Rear spoiler

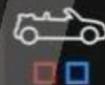

3. Rear spoiler

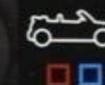

4. Sport button

5. 6-speed Automatic Transmission Steptronic

6. Shift paddles on three-spoke sports leather steering wheel

1 – 3 There are different designs of **rear spoiler** for different models, all of them perfectly matched both aerodynamically and aesthetically to the MINI in question. Painted in the same colour as the roof, they blend seamlessly into its lines.

4 Pressing the **Sport button** further improves the car's responses to throttle and steering inputs, for an even more involving drive. On MINI Cooper S models, it also gives a sportier engine note, and on vehicles with automatic transmission, it makes gearshift times faster too.

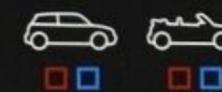

5 6 The **6-speed Automatic Transmission Steptronic** makes gear changes easier, and – in Steptronic mode – decidedly sporty. On MINI Cooper S models, the 6-speed Automatic Transmission Steptronic includes two shift paddles on the three-spoke sports leather steering wheel in addition to the selector lever (shift paddles are available as an option on MINI Cooper models). As both hands can stay on the wheel, this means that initiating gear shifts manually is fast and safe.

JOHN COOPER WORKS PACKAGE.¹

1. Aerodynamic package front apron and side skirts

2. Aerodynamic package rear apron

3. Interior

4. Door sill finisher

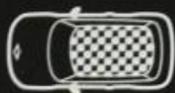

5. Cross Spoke CHALLENGE light-alloy rim

1-5 The **John Cooper Works package** includes the John Cooper Works aerodynamic package, made up of a new-look front apron with built-in air ducts to cool the brakes, side skirts with track-style air intakes, and a striking rear bumper. Dynamic Traction Control (DTC), allowing optimum use to be made of natural over and understeer, and 17-inch-Cross Spoke CHALLENGE light-alloy rims in Silver with runflat tyres are also included, as are John Cooper Works door sill finishers.¹

In the interior, the eye is drawn to the three-spoke sports leather steering wheel with contrast stitching in Chili Red, the Red gearshift emblem on the gear lever knob, and the contrast stitching in Chili Red on the handbrake and gearshift gaiters. Where automatic transmission and a sports leather steering wheel with shift paddles are specified, this steering wheel does not feature the Red contrast stitching.

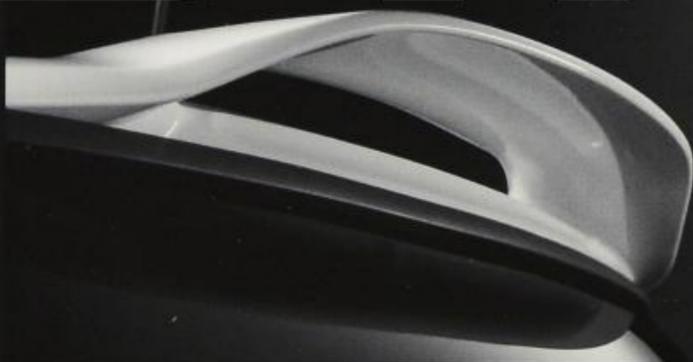

¹ The John Cooper Works package is only available in selected exterior colours. Please see pages 12/13 for more information.

8. ACCESSORIES.

The new MINI family with Original MINI Accessories

MINI roof spoiler¹

MINI Portable Navigation System holder

Side scuttles with Union Jack design

With **Original MINI Accessories²**, you can give your MINI a look that is all your own. For the exterior, there are a wealth of stylish components such as fashionable light-alloy wheels, sporty additional headlights, and eye-catching exterior mirror caps and rear-view mirror housings. For example, the sport stripes and roof spoiler¹ are a visual expression of the car's energetic personality. For the interior, there are practical solutions such as the innovative MINI Portable Navigation System holder,

and the snap-in music adapter with USB interface for your mobile phone. A wide choice of finishes and designs for the steering wheel, handbrake grip and interior surfaces lets you stamp your personal taste on the car. And for longer trips or leisure pursuits, there is an array of smart luggage compartment solutions and transportation accessories. Whatever you want to do in your MINI, with Original MINI Accessories the fun is guaranteed.

JOHN COOPER WORKS TUNING.

The new MINI Cooper S family with John Cooper Works Tuning

Tuning kit

Additional instruments

Cross Spoke R113 light-alloy rim with Red Stripe

John Cooper Works Tuning² delivers a genuine racetrack feeling. The John Cooper Works Tuning Kit increases the output of the MINI Cooper S to a mighty 147 kilowatts³, thanks to a special air filter and reprogrammed engine management software. A diffuser at the back ensures improved downforce, and the effect is completed by the outsized tailpipes in Chrome. The side scuttles, air intake and exterior mirror caps are all in clear lacquered Carbon for a high-tech racing look, and striking light-alloy wheels with runflat tyres, such as the

Cross Spoke R113 with Red Stripe illustrated here, emphasize the car's sporty character. The sturdy suspension cross-brace in the engine compartment, meanwhile, further improves stability by reducing body vibrations. Inside the car too, John Cooper Works Tuning creates a real motorsport ambience, with details such as interior surfaces in Carbon, additional instruments and a sports steering wheel in Alcantara or Leather.

¹ Not available for MINI Cabrio or MINI Clubman.

² For more information, visit MINI.com/accessories.

³ Fuel consumption and emission figures for models fitted with the John Cooper Works Tuning Kit are identical to those for standard MINI Cooper S models, which can be found on pages 48/49.

¹ All figures relate to vehicles with the standard 6-speed manual transmission. Figures in square brackets relate to vehicles with 6-speed Automatic Transmission Steptronic.

² All MINI models comply with the EU5 exhaust emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (as defined in Directive 80/1268/EEC), made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured separately from fuel consumption. Figures relate to standard-specification vehicles, and may vary significantly where optional equipment (including wider tyres) is fitted.

RECYCLING.

Recycling is central to the MINI philosophy. Every MINI is designed and built in such a way that the materials it is made from can easily be reused at the end of its life cycle, for maximum sustainability. Your MINI dealer will be pleased to advise you on the disposal of your old vehicle. Alternatively, more information on this subject can also be found at www.MINI.com

BMW AG

The models, standard and optional equipment and combinability of options in this brochure relate to cars supplied by BMW AG for the German market. The availability of standard and optional equipment, and the combinability of options, may vary from country to country within the European Union for all models. For detailed information about the situation in your country, please contact your authorized MINI dealer. Subject to change in design and equipment.
