TECHNICAL DETAILS.

This section gives you all the key facts and figures about the various models at a glance, plus full information about servicing and finance.

Technical data. Dimensional drawings.	62
MINI Service.	66
MINI Financial Services.	67
Warranty. Recycling.	67

Details of fuel consumption and CO₂ emissions for all models, as required under EU law, can be found in the Technical Data section.

The standard and optional equipment available in your country may differ from that described in this brochure. For more information, please contact your local authorized MINI dealer.

**IN THE RIGHT CAR, THERE'S NO SUCH THING
AS THE WRONG WEATHER.**

State-of-the-art active and passive safety technologies, plus the new Adaptive Headlights, ensure that even in the worst of conditions, your journey is uneventful in the best possible way.

VANG

BMW

**DON'T EVEN
GO THERE.**

Low fuel consumption and long range
mean you don't have to stop anywhere
you don't feel comfortable. Including the
vast majority of petrol stations.

BMW AG

**IT'S FUN BEING
A PASSENGER.
IF YOU'RE NOT
THE JEALOUS SORT.**

BMW AG

Only drivers get their hands on the tactile steering wheel. But front-seat passengers can still enjoy the redesigned centre console, the improved controls and the stylish instrument panel. That's if they're not busy holding onto the side grips.

**THE SHORTEST PATH BETWEEN TWO POINTS
IS VIA THE INTERNET.**

Online on the road: MINI Connected integrates features like Web radio and Facebook support seamlessly into your MINI, bringing a whole world of online infotainment direct to your cockpit.¹

¹ For more information on MINI Connected, please see pages 48/49.

BMW AG

DRIVE LIKE THE WIND.

The 184-horsepower (135-kilowatt) engine of the MINI Cooper S Cabrio takes you from nought to gale force 10 in just 7.3 seconds. And the new-look radiator grille will go down a storm as well.

**THE WORLD HAS A
WAY OF FINDING
OUT WHO'S OPEN
TO NEW IDEAS.**

AG

Surfers don't wear a helmet. Rock fans don't wear ear plugs. And MINI Cabrio drivers don't need a roof. Experience open-top driving in the raw.

The Clubdoor at the side and the Splitdoor at the rear don't just look good, they also make it easier to get your stuff in and out. And easier to jump in if you need to make a quick getaway.

BMW

**THE CLUBDOOR.
GET IN!**

Vehicle illustrated features Original MINI Accessories light-alloy wheels. For more accessories products, see pages 58 and 60 or the dedicated Original MINI Accessories brochure.

**SOUNDS GOOD
EVEN WHEN IT'S
SWITCHED OFF.**

BMW X1

Whether you prefer Beethoven or banging tunes, now the MINI delivers an awesome sound even when the engine is switched off. The harman/kardon hi-fi loudspeaker system delivers powerful bass and crystal-clear definition, turning your car into a concert hall on wheels.

BMW

DX-343VB

COOPER

MINI

**ALL THE WORLD'S
A STAGE. EVEN IF
YOU CAN'T SEE
THE AUDIENCE.**

The new design details of the MINI Clubman underline its genuine star quality.

Where the tarmac runs out, the fun is just getting started. With ALL4 all-wheel drive, the new MINI Countryman can take you places that surfaced roads can't.

**ONLY 0.2% OF THE EARTH'S SURFACE
IS TARMACKED. THERE IS A GOD.**

**REACHES THE PARTS THAT
THE MAINSTREAM CAN'T.**

Unmistakable even when it's half invisible: the Helmet Roof is the calling card of a vehicle that's truly outstanding in its field.

**OUTSTANDING ROADHOLDING.
EVEN WHEN THERE'S NO ROAD TO HOLD.**

Powerful engines, outstanding handling and the famous go-kart feeling turn every journey into an experience to savour. You'll want to test its cornering at every opportunity – even if there aren't actually any corners.

Freedom of movement in all four seats, and a flexible layout for maximum luggage capacity mean there's room for all your big plans. And for the things you can't plan for.

BMW

**SHOWS THE CITY STREETS
WHAT THEY'VE BEEN MISSING.**

THE NEW MINI FAMILY.

AG

Together, they're more than a family –
they're a movement that's committed
to making every day less, well, everyday.
And the best thing is, everyone's invited.

A PROTECTIVE INSTINCT RUNS IN THE FAMILY.

WHEN THE CHIPS ARE DOWN, YOU CAN COUNT ON MINI. High-performance sensors enable the state-of-the-art control electronics in the MINI to identify a crash situation in a fraction of a second, and deploy all the safety systems virtually instantaneously in a coordinated and appropriate way. So you can enjoy your MINI with total peace of mind.

TOUGH LOVE: the body of the MINI has been reinforced at strategic points, guaranteeing extreme torsional rigidity for an exceedingly robust passenger compartment. The aim is to deliver the perfect combination of comfort, acoustics and protection.

EURO NCAP CRASH TEST: in the Euro NCAP crash test, the MINI scored the maximum possible five stars (does not apply to MINI Clubman and MINI Cabrio).

AIRY, NOT FAIRY: the MINI is fitted with six airbags as standard (four on the MINI Cabrio). Driver and front passenger airbags protect the head and upper body in the event of a head-on collision, while side and head airbags are primarily designed to reduce the risk of injuries to the head, chest and abdominal areas from side impacts. In the MINI Cabrio, this function is performed by the head/thorax airbags built into the front seats.

SOMETIMES A LITTLE RESTRAINT IS CALLED FOR: a combination of three-point belts, belt tensioners and belt force limiters means driver and front-seat passenger enjoy the best possible protection in the event of a crash.

NO DANGER, EVEN WHEN THERE'S NO ROOF: made of high-strength aluminium, the active roll-over bar ensures optimum protection for all occupants. Normally it is retracted behind the rear headrests, blending seamlessly into the beautiful lines of the MINI Cabrio, but in an emergency, it deploys upwards in approximately 150 milliseconds.

MINI COUNTRYMAN. NEVER QUESTION ITS NATURAL DEFENCE MECHANISMS.

IT SEES THINGS YOU DON'T. A MINI can identify potential dangers before they become dangerous. Its intelligent DTC (Dynamic Traction Control) system enables it to react at lightning speed, and its brakes and perfectly balanced suspension ensure optimum safety and comprehensive protection in any situation.

CORNERS LIKE A DREAM: a single-joint spring-strut front axle and a multiple-control-arm rear axle, combined with wide track and a low centre of gravity, enable the MINI Countryman to deliver the trademark MINI feeling: stable, agile and with outstanding cornering ability for maximum safety.

EURO NCAP CRASH TEST: safe as safe can be. The MINI Countryman received the maximum possible five-star rating.

YOUR PERFECT BODYGUARD: the body of the MINI Countryman has been reinforced at strategic points, guaranteeing extreme torsional rigidity for an exceedingly robust passenger compartment. The aim is to deliver the perfect combination of comfort, acoustics and protection.

SIX AIRBAGS FOR AN INFLATED LEVEL OF PROTECTION: the MINI Countryman is fitted as standard with six airbags, providing the best possible protection for the head, chest and pelvic areas in both head-on collisions and side impacts.

FOUR TIMES THE FUN: the ALL4 all-wheel drive system works on the principle of dynamic power distribution. In normal driving, the multi-disc clutch directs up to 50 per cent of engine torque to the rear axle, but in low-grip situations, such as snowy or icy conditions, this figure can be increased to 100 per cent, for maximum traction and stability.

SMALL DETAILS THAT MAKE A BIG DIFFERENCE.

The perfectly balanced light-alloy wheels are available in a sporty Silver as an option.

The LED rear lights with stylish Chrome edging give the rear end that typical MINI look.

The standard direction indicator lights have a sporty styling and even a greater visual impact on the MINI Cooper S.

The Chrome Line Exterior helps the rear of your MINI to stand out, too: The MINI Cooper S with Chrome edging for both rear fog lights and tailgate handle.

A PLAYGROUND FOR GROWN-UPS.

Attractive Chrome detailing gives the steering wheel a more elegant look.

The central round instrument can be used as a display for MINI Connected and the navigation system as an option.

The design of the centre console is now more stylish than ever.

Mood lighting in areas such as the elliptical door rings enhances the in-car ambience.

POWER UNLIMITED. THE MINI JOHN COOPER WORKS PACKAGE.¹

A statement of intent: the 17-inch Cross Spoke CHALLENGE light-alloy rim in striking Silver, with runflat tyre.

Dynamic Traction Control (DTC), including Electronic Differential Lock Control (EDLC), delivers a genuine track-car experience, allowing drivers to make full use of the natural over and understeer of the MINI.

YOU CAN PUT THE BRAKES ON SPEED – BUT NOT ON PASSION. The John Cooper Works package includes an aerodynamic package, featuring a redesigned front apron with built-in air ducts to cool the brakes, plus side skirts with track-style air intakes.

The John Cooper Works door sill finisher is evidence of the car's proud racing heritage.

With its Red gearshift emblem and contrast stitching in Chili Red, the smooth, short-throw gear lever is almost as good to look at as it is to use.

A firm grip on the situation: the three-spoke sports leather steering wheel with stitching in Chili Red.

**THE MINI COUNTRYMAN.
CUTS A DASH IN TOWN AND COUNTRY.**

Light-alloy wheels blend seamlessly into the overall design, and are available in an 18-inch size and/or with striking flashes of paint as options.

The LED rear lights with their stylish Chrome edging contribute to the distinctive MINI look of the back end.

Vehicles fitted with ALL4 all-wheel drive also get these badges on the doors.

The distinctive Helmet Roof seems to float above the glass areas. Roof rails and roof-rack mounting points are fitted as standard.

The standard direction indicator lights have a sporty styling on the MINI Cooper S.

UNCOMPROMISING FLEXIBILITY.

Why should the designers have all the fun? With the new MINI Countryman, everyone can get creative. The unique Center Rail lets you organize your storage so that all your stuff is right where you need it, right now.

And relax: the centre armrest is height-adjustable between three positions, and includes a secret compartment for everything you need on long journeys, from chewing gum to a classic novel. There is also the option of an iPhone docking station.

The cockpit of the new MINI Countryman is a striking and highly ergonomic reinterpretation of a classic design, ensuring the interior delivers on the promise of the outside.

The characteristic elliptical ring now extends over two doors. Multi-adjustable seats ensure outstanding comfort on even the longest of journeys.

The optional flat load compartment floor for the five-seat variant provides a highly versatile surface in the boot, perfect for everything from carrying large items to eating a picnic off.

BMW
AG

**THE TEMPERATURE IS RISING.
THE MINI COUNTRYMAN WITH RED HOT PACKAGE.**

It's on fire: with the Red Hot package, the MINI Countryman features a Helmet Roof in Black, radiator grille and roof rails in striking Anthracite, and 18-inch light-alloy rims also in Anthracite.

The side scuttles feature a Black Checkered finish, and house the direction indicator lights.

Black Checkered exterior mirror caps further enhance the sporty look and feel.

46
47

Racy looks inside as well as out: the Black Checkered interior surface finish for the side trims of the centre console and the elliptical rings in the doors is combined with a cockpit surface in Piano Black, for a suitably adrenaline-fuelled look.

MINI CONNECTED¹: THE WEB IS YOUR OYSTER.

Welcome to the communication age. MINI Connected is an iPhone app packed with intelligent functions that connect you, the new MINI and the wider world, bringing all the limitless possibilities of online infotainment direct to you in your MINI.

MINI Connected takes communications between the MINI, its driver and the online world into a whole new dimension. The app can be intuitively operated using the car's controls, with the monitor in the central instrument serving as a display for a user interface in the unmistakable MINI style.

Innovative features such as Dynamic Music and integrated Facebook and Twitter support really enhance your in-car experience. And then there is the Web radio function, which lets you access a galaxy of online broadcasters via your iPhone (not supplied) while you're on the road.

With MINI Connected, a digital revolution in in-car infotainment starts right here, in the cockpit of any MINI model. And thanks to the revolutionary MINI Connected plug-in, the iPod interface can for the first time be viewed and used in the car via the familiar Apple menu system. So iPod and iPhone users get the intuitive navigation they are familiar with, and enjoy access to all the latest iPod functions when they're in their MINI.

¹ Availability and range of features are dependent on the other equipment fitted, and may vary from country to country. Range and design of MINI Connected features subject to change without notice. Broadband mobile Internet access required. Costs resulting from this (e.g. data roaming) will be payable as specified in the contract with your network provider. MINI Connected app available free of charge from the device manufacturer's app store (subject to national restrictions). Updates available free of charge, but version upgrades may be chargeable. For more information about device compatibility and the various features of MINI Connected, visit MINI.com/connectivity

MINI puts the fun into functionality, with a vast array of online features working seamlessly together. The illustration shows the MINI Countryman.

With its innovative functionalities, MINI Connected opens up a whole new world of possibilities, thanks in particular to the revolutionary MINI Connected plug-in.

A FAMILY OF COLOURFUL CHARACTERS.

EXTERIOR COLOURS.

A wide range of exclusive metallic and non-metallic paint colours are available for your MINI. Striking contrast elements, including the roof, exterior mirror caps, C-pillar (on the MINI Clubman) and wheel rims can be combined with these in different ways to put a personal stamp on the car. However, MINI One models are only available with a roof in body colour, or a soft top in Black in the case of the MINI One Cabrio.

KEEP IT MINI.

ORIGINAL MINI ACCESSORIES.¹

This is where the fun really starts. The enormous range of Original MINI Accessories lets you create your own unique MINI, perfectly tailored to your personal tastes. Uniquely stylish and of exceptional build quality, only Original MINI Accessories have been specially designed and developed for use in MINI models. Rigorous testing ensures that each and every one of these products meets the highest standards of functionality and safety. So choose the originals – and enjoy your own individual MINI experience. For the exterior, there are a wealth of stylish components

such as fashionable light-alloy wheels, creative roof designs, sporty additional headlights, and eye-catching exterior mirror caps and rear-view mirror housings. For the interior, there are practical solutions such as the flexible holder for a portable navigation device, a snap-in music adapter for your mobile phone, and a wide choice of finishes and designs for the steering wheel, handbrake grip and interior surfaces. And for longer trips or leisure pursuits, there is an array of smart luggage compartment solutions and transportation accessories.

KEEP IT WILD.

58
59

JOHN COOPER WORKS TUNING.¹

John Cooper Works Tuning delivers a genuine racetrack experience. An air intake and exterior mirror caps in clear lacquered Carbon provide dynamic looks, while the John Cooper Works Tuning kit delivers performance worthy of the car's racing heritage. Thanks to a special air filter and reprogrammed engine management software, it increases the output of the MINI Cooper S to a mighty 147 kW.

And the sports silencer gives it a sound to match. The striking aerodynamic package, John Cooper Works side scuttles and eye-catching light-alloy wheels with runflat tyres complete the effect. And in the interior too, John Cooper Works components create a genuine race-car ambience, with options such as interior surfaces in Carbon and a sports steering wheel in Alcantara or leather.

¹ For more information, visit MINI.com/accessories

KEEP IT MINI.

ORIGINAL MINI ACCESSORIES.¹

Original MINI Accessories offer an almost infinite variety of options, but the fun always stays the same. Every product was specifically designed and styled for use in the MINI Countryman, and every product has been rigorously tested to the strictest possible standards. For the exterior of your MINI Countryman, there are a wealth of stylish components such as the striking off-road styling package and cool designs for the exterior mirror caps, rear-view mirror housing and roof. Bonnet stripes are a

visual expression of the car's energetic personality. For the interior, there are practical solutions such as child seats that offer optimum safety for smaller passengers, the Rail-Box for the Center Rail and various different floor mats. And for longer trips or leisure pursuits, there is an array of smart luggage compartment solutions and transportation accessories. Whatever you're looking for, you'll find it here.

KEEP IT WILD.

JOHN COOPER WORKS TUNING.¹

John Cooper Works Tuning delivers a true racetrack experience. The striking aerodynamic package comprises front and rear aprons, and side skirts in body colour with racing-style ventilation openings. A diffuser in the rear apron increases downforce. The effect is completed by the large exhaust tailpipe finishers in Chrome. Exterior mirror caps and sport

stripes in Chili Red further enhance the racy look, and the 19-inch Double Spoke R129 light-alloy wheels with runflat tyres combine eye-catching design with racing character. In the interior too, John Cooper Works components create a genuine race-car ambience, with options such as additional instruments and a sports steering wheel in Alcantara or leather.

MINI SERVICE.

UNSTOPPABLE. Interested in buying a MINI? Then you'll also be interested to know that every day, we put all our passion, effort and combined expertise into ensuring you can enjoy uninterrupted driving fun. "Can't" just isn't in our vocabulary. Because with MINI Service, anything is possible.

A MINI THINKS FOR ITSELF. Because it's not just built for quality, but for ease of repair and maintenance too. With a MINI, fixed service intervals are a thing of the past, as the on-board Condition Based Service (CBS) system constantly monitors the status of the car to work out what servicing it needs and when – saving you both time and money.

THE A TO Z OF SERVICE. We provide everything that you and your MINI could ever need. Our highly trained specialists are ready, willing and able to tackle any challenge you present them with, small or large, without delay. They can diagnose and repair any electronic, mechanical, structural or cosmetic issues – right down to the smallest chip in the paintwork, everything can be fixed quickly and accurately, ensuring your MINI never loses its sparkle. And as you would expect, we only ever use Original MINI Parts – because only they offer the quality, durability and exact fit needed to make sure that your MINI stays a MINI.

A BREAKDOWN? It's unlikely, we know. But working on the basis that anything can happen, MINI Mobile Service is never more than a phone call away, 24 hours a day, 365 days a year. Specially trained MINI technicians will leave no stone unturned to get your MINI moving again, either over the phone or by coming to you at the roadside. In addition, there is a range of other breakdown assistance services to help you complete your journey (details vary from country to country), and MINI also offers incidental costs insurance for accidents and theft.

WE'VE GOT EVERYTHING COVERED.

MINI FINANCIAL SERVICES.

DON'T DREAM IT, DRIVE IT. MAKE IT HAPPEN, WITH MINI FINANCIAL SERVICES.

Admittedly, daydreaming about a MINI can be fun. Just not compared to actually driving one. And the right finance solution from MINI Financial Services can help you find the shortest route from dream to reality, in a way that is tailored to your lifestyle, your budget and the MINI model that you choose.

MINI Leasing, MINI Finance and MINI Select are three roads that all lead to the same destination – namely, making your dream of driving a MINI come true. All of them offer their own unique advantages, and speaking to your MINI dealer will help you decide which one is right for you.

Once you've chosen the car and the finance deal, you'll be asking yourself if there's any way you can make the MINI experience even more exciting. Answer: no, of course not. But what you can do is protect against surprises of the wrong sort, by choosing an insurance solution that was made for MINI drivers. Because as well as finance, MINI Financial Services also offers a range of insurance products that are tailored to your exact needs and preferences.

Your next move? The best thing to do is to make an appointment at your local MINI dealership. The sales advisors there know every MINI Financial Services product inside out, and it's their job to help you make your MINI dream come true.¹

¹ For more information about MINI Financial Services, its leasing, finance and insurance products, and the companies through which these products are provided in your country, visit MINI.com or speak to your MINI dealer. Products and services may vary from country to country.

BMWAG

WARRANTY. RECYCLING.

WARRANTY.

Every MINI is supplied with a two-year unlimited mileage dealer warranty. (This excludes wear-and-tear parts, for example brake pads.) Every MINI also comes with a 12-year anti-corrosion warranty, which covers the vehicle against rusting of the body panels. This warranty is dependent on any previous damage to the vehicle body or under-body (e.g. stone impact damage, scratches, dents, accident damage or other damage caused by environmental factors) having been correctly repaired in accordance with current MINI guidelines. The painted surfaces of the car are covered by a three-year warranty. This excludes any damage to painted surfaces caused by improper treatment or unforeseen environmental factors. The statutory rights of the consumer are unaffected.

RECYCLING.

At every stage, from design to disassembly, recycling is central to the MINI philosophy. For example, all the materials used in its manufacture were selected because they can be used in a sustainable and environmentally friendly way. And every MINI is built to be easily and economically recycled when its driving days are finally done. We have been working on this approach since 1994 at the BMW Group Recycling and Disassembly Centre in Munich, the only facility of its kind. Your MINI dealer will also be pleased to advise you on the disposal of your old vehicle.

BMW AG

The models, standard and optional equipment and combinability of options in this brochure relate to cars supplied by BMW AG for the German market. The availability of standard and optional equipment, and the combinability of options, may vary from country to country within the European Union for all models. For detailed information about the situation in your country, please contact your authorized MINI dealer. Subject to change in design and equipment.
