MINI ROOFS.

GIVE YOUR MINI EVEN MORE STANDOUT THAN IT HAS ALREADY.

There are three sorts of MINI roof decal. One type covers a small area of the roof – like the Cropped Target. Another type goes right to the edges – like the Full Tiger. The third type is a bit of the other two; the decal is centred on the roof, with the perimeter of the roof colour visible – like the Silver Union Jack.

If you're unsure which type would suit your MINI's roof, your MINI Dealer can help you decide.

Got a sunroof? Sorry, MINI roof decals can only be fitted to solid roofs.
