SEVEN STEPS TO YOUR VERY OWN MINI COUNTRYMAN.

MINI Cooper Countryman, MINI Cooper S Countryman: whichever model you want, this brochure will help you put your very own MINI Countryman together. The symbols at the top of the page will guide you through the process in seven easy steps. Step one is to choose the model you're interested in. Steps two, three and four are where you can give your MINI Countryman a distinctive look and feel. What exterior colour will you choose? What seats, upholstery and wheels? In step five, you can equip it with all the information and entertainment systems you want, like the Radio MINI Visual Boost and MINI Connected. And steps six and seven, performance and accessories, add the finishing touches.

1. MODELS.

MINI COOPER COUNTRYMAN.

A striking presence: with its Silver radiator grille slats, the MINI Cooper Countryman will grab your attention. The exterior mirror caps come in body colour, but where a contrast roof is specified, they are also available in Black or White to match this. The roof rails and the side scuttles with their Orange direction indicator lights are in Matt Silver. The rear spoiler is painted in the same colour as the roof, blending seamlessly into its lines, while the eye-catching exhaust tailpipe is Chrome-plated.

MINI COOPER S COUNTRYMAN.

It could only be the MINI Cooper S Countryman: the radiator grille has a sporty hexagon mesh, and as well as the central air intake between the bonnet and front apron, there are also separate air ducts for the brakes in the lower air intake. The roof is available in body colour or a choice of two contrast colours, White and Black, and features a high-performance rear spoiler. The roof rails are finished in a stylish Matt Anthracite, and the same colour is used for the side scuttles, which also incorporate direction indicator lights in White and a Cooper S logo in Red. At the rear, the two Chrome-plated tailpipes of the exhaust system emphasize the dynamic performance. Selected wheel rim designs are available in Matt Anthracite – a MINI Cooper S Countryman exclusive.

2. COLOURS AND UPHOLSTERY.

EXTERIOR COLOURS.

A wide range of exclusive metallic and non-metallic paint colours are available for your MINI Countryman. Striking contrast elements, including the roof, exterior mirror caps and wheel rims, can be combined with these in different ways to put a personal stamp on the car.

MINI Cooper Countryman and
MINI Cooper S Countryman:

- Roof and exterior mirror caps in body colour as standard.
- Roof and exterior mirror caps in Black as an option.
- Roof and exterior mirror caps in White as an option.

Depending on the model and the rim design chosen, wheels rims are available in up to four different colours.

2. COLOURS AND UPHOLSTERY.

INTERIOR AND COCKPIT SURFACES.

An interior with atmosphere: on the MINI Cooper Countryman, the interior surfaces (the side trims of the centre console and the elliptical door rings) can be specified in Dark Silver as an option, while on the MINI Cooper S Countryman they come as standard in an elegant Dark Anthracite. Piano Black is also available as an option on all MINI Countryman models. All these finishes – Dark Silver, Dark Anthracite and Piano Black – can also be specified for the cockpit surface (the decorative insert in the dashboard). The decorative rings around the round instrument in the cockpit and the gear lever are finished in Dark Grey, or in Anthracite on the MINI Cooper S Countryman.

UPHOLSTERY AND SEATS.

Your seat, your rules: choose from a variety of cloth, leather and cloth/leather combination upholsteries for your MINI Countryman, all with colour-coordinated interiors.

¹ With matching interior colour combinations.

² Only for standard seat.

³ Only for sports seat.

⁴ Also available for MINI Cooper Countryman where the Red Hot package is specified.

⁵ Only for sports seat with piping.

⁶ Leather upholstery includes seats (base and backrest), and front and rear headrests.

3. EXTERIOR DESIGN AND WHEELS.

IN LINE WITH
YOUR PERSONAL
STYLE. MINI
BONNET STRIPES.

1. Bonnet stripes in White¹

2. Bonnet stripes in Black¹

1 Bonnet stripes in **White** are available in conjunction with a White roof.

2 Bonnet stripes in **Black** are available in conjunction with a Black roof.

3 The roof in **body colour** is specified on the MINI Cooper Countryman or MINI Cooper S Countryman, then the exterior mirror caps are also available in body colour.

4 5 There is also the option of a **roof** and exterior mirror caps in **White** or **Black**.

¹ Also available on MINI One/D Countryman in conjunction with Red Hot package.

As standard on

■ MINI Cooper Countryman
■ MINI Cooper S Countryman

Optional on

□ MINI Cooper Countryman
□ MINI Cooper S Countryman

3. Roof in body colour

4. Roof in White

5. Roof in Black

6. Exterior mirror caps in Chrome

The exterior mirrors are electrically adjustable and can be folded away if required. An aspherical glass on the driver's side minimizes the size of the blind spot. **Exterior mirror caps** in **Matt Black** come as standard on all MINI One/D models. If the roof is Black, then the **exterior mirror caps** are also available in brilliant **Black**.

In conjunction with a White contrast roof, the **exterior mirror caps** are also in **White**. On the MINI Cooper Countryman and the MINI Cooper S Countryman, when the roof is in **body colour**, the **exterior mirror caps** also come in body colour as standard. **6 Exterior mirror caps** in **Chrome** are available as an option in conjunction with any roof colour.

3. EXTERIOR DESIGN AND WHEELS.

1. Chrome Line Exterior

2. Chrome Line Exterior

3. Chrome Line Exterior

4. Chrome Line Exterior

5. Chrome Line Exterior

6. Chrome Line Exterior

135 At the front end of the **MINI Cooper Countryman**, the **Chrome Line Exterior** comprises Chrome-plating of the radiator grille slats and the surround for the lower grille. At the rear, the registration plate surround in the bumper is Chrome-plated, and the side scuttles with their built-in Orange direction indicator lights are likewise in Chrome.

246 At the front of the **MINI Cooper S Countryman**, the **Chrome Line Exterior** includes Chrome-plating of the brake-cooling air ducts in the front air intake, a Chrome bar in the rear apron, and Chrome-plated side scuttles with White indicators. Where the Chrome Line Exterior option is specified on the MINI Cooper S Countryman, the roof rails are finished in Matt Silver.

As standard on

■ MINI Cooper Countryman

■ MINI Cooper S Countryman

Optional on

□ MINI Cooper Countryman

□ MINI Cooper S Countryman

7. Roof rails

■ □

8. Sun protection glazing

□ □

9. White direction indicator lights

□ ■

10. Rear-mounted rack preparation

□ □

11. Trailer tow hitch¹

□ □

7 The **roof rails** are elegant and sleek for optimum aerodynamic efficiency. On MINI Cooper Countryman models they are Matt Silver in colour (see illustration), while on the MINI Cooper S Countryman they come in Matt Anthracite.

8 **Sun protection glazing** reduces the build-up of heat in the interior of the car caused by strong sunlight, making things more comfortable for the occupants. Where this option is specified, the glass is visibly darker from the B-pillars backwards (including the rear windscreen).

9 The **White direction indicator lights** option comprises clear glasses for the indicators in the front headlights and side scuttles.

10 The **rear-mounted rack preparation** for multifunctional carrier systems from the Original MINI Accessories range such as bicycle carriers is located in the rear apron. When not in use it is concealed by two covers.

11 Depending on the model, the **trailer tow hitch** with removable ball head is suitable for towing loads of up to 1,200 kg.

¹ Only Available on MINI Cooper Countryman in conjunction with automatic transmission.

3. EXTERIOR DESIGN AND WHEELS.

12 5-Star Double Spoke Composite light-alloy rims in Matt Anthracite. Size: 7.5 J x 18 inches, tyres: 225/45 R 18.

In addition to the factory-fitted wheel sets, certain wheel designs are also available as winter complete wheels.

¹ Also available for MINI Cooper Countryman where the Red Hot package is specified.

4. INTERIOR DESIGN.

SEE IT, WANT IT,
TOUCH IT, LOVE IT.

1. Two-spoke standard steering wheel

2. Two-spoke leather steering wheel

3. Three-spoke sports leather steering wheel

4. Three-spoke sports leather steering wheel with multifunction option

1 The **two-spoke standard steering wheel** has a driver airbag built in. The horn is sounded by pressing the Chrome-edged impact absorber.

2 The **two-spoke leather steering wheel** has a driver airbag built in. The wide Chrome ring is an eye-catching design detail.

3 The **three-spoke sports leather steering wheel** is available as an option on all MINI Countryman models. It sits comfortably in the hand, for even more agile handling.

4 The **three-spoke leather steering wheels** are also available with a **multifunction** option, allowing drivers to operate cruise control, radio and telephone functions without taking their hands off the wheel.

As standard on

■ MINI Cooper Countryman
■ MINI Cooper S Countryman

Optional on

□ MINI Cooper Countryman
□ MINI Cooper S Countryman

5. Chrome Line Interior

6. Chrome Line Interior (gear lever surround)

7. Chrome Line Interior (speedometer)

8. Chrome Line Interior (revolution counter)

5-8 The ring on the steering wheel, the decorative ring in the air-conditioning control area and the glove compartment and door handles are always finished in Chrome. If the optional **Chrome Line Interior** is specified, the rings around the

central round instrument and the revolution counter, the two air vents at the sides of the instrument panel and the gear lever surround are also in Chrome.

4. INTERIOR DESIGN.

ADJUSTS TO SUIT YOUR MOOD.

1. Center Rail, full length

2. Center Rail, two sections

3. Center Rail, short

1–3 The most striking feature of the interior is the aluminium **Center Rail**, which runs down the middle of the car between the driver and passenger seats. In conjunction with the storage package, different elements¹ can be mounted on this, sliding along and locking into place where you want them. A fixed decorative insert in the Colour Line colour ensures the Center Rail coordinates with the interior colour scheme. Three different versions are available to go with the different rear seat options. Where the optional MINI navigation system or Radio MINI Visual Boost is fitted, the Center Rail is also equipped with a joystick to control this.

1 **Four-seat** models are fitted as standard with the **full-length Center Rail**, which gives all the car's occupants easy access to the system. It is supplied with three dividing elements.

2 The **two-section Center Rail** is available as an option on all **four-seat** models. It is divided into separate sections for front and back, and is also supplied with three dividing elements.

3 In **five-seat** models, a **short Center Rail** is fitted, with two dividing elements.

¹ Additional attachments available as Original MINI Accessories.

As standard on

■ MINI Cooper Countryman
■ MINI Cooper S Countryman

Optional on

□ MINI Cooper Countryman
□ MINI Cooper S Countryman

4. Rear seats, four-seat models

5. Rear seats, five-seat models

6. Rear seats, five-seat models

7. Luggage compartment cover (four-seat models)

8. Flat load compartment floor, removable (four-seat models)

9. Flat load compartment floor, removable (five-seat models)

4 The MINI Countryman comes as standard in a **four-seat** layout, with two separately adjustable rear seats. These can move forward and back, and have angle-adjustable backs. The seat backs can be adjusted or folded down in seconds using the operating handle.

5 6 Where the **five-seat** layout is specified, the sections of the rear bench are split 60:40 and can be moved forwards and backwards independently of each other. The backrest has a 40:20:40 split, and again the sections can be tilted and folded down separately. This gives you enormous flexibility to adjust the amount of leg room and luggage capacity.

7 Four-seat models come as standard with a **luggage compartment cover**. In the vertical position, this separates the luggage area from the passenger space, and when folded down into the horizontal position, it provides a flat loading surface. It can also be taken out entirely.

8 A removable **flat load compartment floor** is available as an option on four-seat models to cover the depression in the bottom of the luggage compartment.

9 The **flat load compartment floor** is also available as an option on five-seat models.

4. INTERIOR DESIGN.

LITTLE THINGS THAT MAKE A BIG DIFFERENCE.

1. Sunglasses compartment

2. Full-length Center Rail with storage package

3. Full-length Center Rail with centre armrest in front and rear

1 2 The **storage package** for four-seat models includes two additional cupholders, a stylish sunglasses compartment, and a holder for an iPod or smartphone (iPod/smartphone not supplied). These elements can be attached to the Center Rail in a variety of positions using a universal adapter, which is likewise supplied as part of the package. Also included are two bag hooks, fixing elements for the front cupholders, a storage net in the front passenger footwell, and a 12-volt power socket in both the back row of seats and the luggage compartment. In the headliner next to the door on the driver's side, there is either a third folding sun visor or a grab handle.

3 The folding **centre armrests** in the front and rear are height-adjustable between three positions, and incorporate a storage dish. The front armrest is also available separately, but the rear armrest¹ is only available in conjunction with the front one.

¹ Expected to be available from fourth quarter of 2011.

7. Light package, Ambient Lighting in Center Rail

□ □

- 4 A headliner in Anthracite is available for all MINI Countryman models.
5 The smoker's package consists of a cigarette lighter and a removable ashtray.

- 6 7 In addition to the standard interior light in the headliner, the light package includes reading and footwell lights in the front, illuminated vanity mirrors, and the instrument panel backlight, plus Ambient Lighting for the door mirrors, armrest and Center Rail, which is steplessly adjustable between the whole spectrum of colours.

5. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

JUST FOUR STEPS TO A WHOLE NEW WORLD.

Tailor the information, communication and entertainment functions of your MINI Countryman to your personal preferences in four easy steps. First you have to choose a head unit – with its large display, the Radio MINI Visual Boost in particular opens up a whole new world of interactive possibilities. You can then choose the services, music and Bluetooth/USB options that are right for you, from MINI Connected to the MINI navigation system. (The brochure shows a selection of these.) Whether you want technology that keeps you connected or navigation that keeps you on the straight and narrow (or even both), you're sure to find a solution that meets your requirements.

The **Radio MINI CD** comes as standard, and includes an RDS tuner with scan function, permanent clock display and FM, MW and LW reception, and a built-in CD player with MP3 decoder, featuring intro scan function and fast forward/rewind. The system also features five speakers, and an AUX-IN connection for MP3 players.

1 The **Radio MINI Boost CD** shares all the features of the Radio MINI CD, but also has a two-column display, antenna diversity for optimum reception, controls for external audio players and the like, a Bluetooth mobile phone preparation and a DAB radio tuner.

① HEAD UNITS.

1. Radio MINI Boost CD

□ □

2. Radio MINI Visual Boost

□ □

② SERVICES.

3. MINI navigation system

□ □

2 The **Radio MINI Visual Boost** has all the features of the Radio MINI Boost CD, and then some. The high-resolution 6.5-inch display incorporates an intuitive control interface with a distinctive MINI look and feel, and a Bluetooth hands-free kit with USB interface, an on-board computer and an audio/video adapter for the Apple iPod/iPhone are also included. The built-in video function (in conjunction with compatible video-capable Apple devices) allows movie files to be watched on the display when the car is stationary. The Radio MINI Visual Boost is "MINI Connected ready", meaning that for a fee it can be upgraded with the MINI Connected option at any time.¹

3 The optional **MINI navigation system** turns the Radio MINI Visual Boost into a powerful navigation solution, with navigation instructions given via voice prompts and on-screen arrows and maps. It also includes day and night modes, a search function for points of interest, TMC reception via a double tuner, a GPS aerial and support for updates via the USB interface.¹

¹ For more information on the compatibility of different mobile devices with audio, video and telephone functions, visit MINI.com/connectivity

5. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

② SERVICES.

1. MINI Connected (main menu)

2. MINI Connected (Web radio)

12 Full speed ahead on the information super-highway: **MINI Connected** revolutionizes the world of in-car infotainment, offering a unique level of connectivity between MINI, driver and the online world. An all-new USB interface integrates the sophisticated features of your iPhone (not supplied) seamlessly into the audio and infotainment system of your MINI Countryman. Information and content are shown in the central display. The safe and highly intuitive user interface has a distinctive MINI look and feel, and is operated via either the MINI joystick or multifunction steering wheel. The free accompanying MINI Connected iPhone app comes with a wealth of features, including Web radio, Facebook and Twitter support and Dynamic Music. And the revolutionary MINI Connected plug-in¹ means that the iPod interface can for the first time be viewed and used in the car via the familiar Apple menu system. So iPod

and iPhone users get the intuitive navigation they are used to, and can enjoy access to all the latest iPod functions in their MINI. This chargeable, retrofittable option is compatible with all "MINI Connected ready" equipment options.²

¹ Additional optional equipment required.

² Availability and range of features are dependent on the other equipment fitted, and may vary from country to country. Range and design of MINI Connected features subject to change without notice. Broadband mobile Internet access required. Costs resulting from this (e.g. data roaming) will be payable as specified in the contract with your network provider. MINI Connected app available free of charge from the device manufacturer's app store (subject to national restrictions). Updates available free of charge, but version upgrades may be chargeable. For more information about device compatibility and the various features of MINI Connected, visit MINI.com/connectivity

③ MUSIC.

3. harman/kardon hi-fi loudspeaker system

4. harman/kardon hi-fi loudspeaker system

④ BLUETOOTH/USB.

5. Bluetooth hands-free kit with USB audio interface

6. Bluetooth mobile phone preparation with USB audio interface

3 4 harman/kardon hi-fi loudspeaker system: a digital multichannel amplifier, and a total of ten high-performance speakers seamlessly integrated into the vehicle interior deliver a unique sound experience, thanks to a total output of up to 640 watts, with powerful low-range tones thanks to the central bass design, and brilliant treble.

5 The optional **Bluetooth hands-free kit with USB audio interface** connects wirelessly to Bluetooth-enabled mobile phones. The USB audio interface supports the connection of a device such as an iPod, USB memory stick or MP3 player. Users can select tracks stored on the device by album, artist, genre etc. via the radio or central display.³

³ For details of device compatibility with audio, video and telephone functions, visit MINI.com/connectivity

6 The **Bluetooth mobile phone preparation with USB audio interface** option also includes a centre armrest and a three-spoke multifunction sports leather steering wheel with cruise control. Bluetooth-enabled mobile phones can be plugged into the armrest via a snap-in adapter (available separately), recharging their batteries and connecting them to the vehicle's external aerial for improved reception. A number of smartphone functions^{3,4} – including the calendar, Bluetooth audio streaming, and album artwork display – can also be accessed safely and easily via the car's radio system, especially where the Radio MINI Visual Boost is also fitted.

⁴ Device-specific snap-in adapter required.

5. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

**YOUR MINI TELLS
YOU EVERYTHING
EXCEPT YOUR
HEART RATE.**

1. Speedometer with Radio MINI CD

2. Speedometer with Radio MINI Visual Boost

3. Revolution counter

4. On-board computer

5. Rain sensor

1 2 The large **speedometer** is positioned in the middle of the instrument panel, and incorporates various warning lights and the fuel gauge. If the MINI navigation system or Radio MINI Visual Boost is fitted, the speedometer runs round the outside of the central round instrument.

3 The **revolution counter** is mounted on the middle of the steering column. The upper display shows the current speed, while the lower display shows such information as the trip distance or seat belt warning for the rear seats.

4 The **on-board computer** tells you your range, current and average fuel consumption, and average speed at the touch of a button.

The **Condition Based Service (CBS)** system comes as standard, and warns you when the next oil change or service is due, with a digital countdown of the distance to the next service appearing in the lower display of the revolution counter.

5 When the **rain sensor** is activated, it automatically switches on the windscreen wipers when necessary, and adjusts their speed to how hard it is raining. The built-in light sensor automatically switches on the driving lights when needed in dark or twilight conditions.

As standard on

■ MINI Cooper Countryman
■ MINI Cooper S Countryman

Optional on

□ MINI Cooper Countryman
□ MINI Cooper S Countryman

6. Air conditioning

■ ■

7. Automatic air conditioning

□ □

8. Visibility package

□ □

9. Seat heating

□ □

10. Central switch cluster

■ ■

11. Start/Stop button

■ ■

6 The **air conditioning** system with microfilter means passengers can enjoy their ideal interior temperature, whatever the conditions outside. The amount and distribution of conditioned air can be individually adjusted.

7 **Automatic air conditioning** rapidly adjusts the interior temperature to the level you have selected, and then keeps it there. The built-in active carbon filter protects passengers against unpleasant odours from outside.

8 The **visibility package** ensures drivers can always see clearly. It includes a heated windscreen, a rain sensor and automatic driving light control.

9 The **seat heating** option allows both the driver and front-seat passenger to choose between three seat temperature settings.

10 The **central switch cluster** at the bottom of the centre console brings the controls for a variety of important functions together in one place, including Tyre Pressure Control, front and rear fog lights, child locking, the Sport button and Dynamic Stability Control (DSC).

11 Once the key is in the ignition, the **Start/Stop button** can be used to switch the engine on or off.

5. MUSIC, COMMUNICATIONS AND TECHNOLOGY.

1. Bi-xenon headlights

2. Adaptive Headlights

3. Black headlight reflectors

4. Rear fog light

5. Fog lights

1 The optional **bi-xenon headlights** for low and full-beam settings, with headlight beam-throw control and headlight washer system, offer particularly powerful illumination.

2 The **Adaptive Headlights**, featuring automatic headlight beam-throw control, ensure optimum illumination whether driving in city or country, and allow drivers to see further ahead on the motorway. Sensors measure the steering angle and vehicle speed, and electric motors then adjust the position of the light beam accordingly to suit the speed and direction of the car (only available in conjunction with bi-xenon headlights).

3 The **Black headlight reflectors** are available in conjunction with bi-xenon headlights, Adaptive Headlights and White direction indicator lights.¹

4 The **rear fog light** is built into the rear light unit on the driver's side, while the rear light unit on the passenger side houses the reversing light.

5 The **fog lights** are built into the front apron, and offer improved safety when visibility is poor.

¹ Expected to be available from fourth quarter of 2011.

9. Glass sliding/vent roof

□ □

10. Comfort access system

□ □

6 Park Distance Control (PDC) at the rear makes it easier to park and manoeuvre in tight spaces. An acoustic signal (and a visual display, if the MINI navigation system or Radio MINI Visual Boost is also fitted) informs the driver of the distance between the car and any obstacle.

7 If the exterior mirror package is specified, the two aspherical exterior mirrors are heated, and can be folded away electrically. Windscreen washer jet heating is also included. The rear-view and exterior mirrors with automatic anti-dazzle function dim the light from the headlights of following vehicles if this reaches a certain level of intensity.

8 With the rear-view mirror with compass function, an easily readable digital display is built into the mirror, showing which of the eight cardinal direction the car's current heading most closely approximates to.

9 The large opening of the glass sliding/vent roof lets in plenty of fresh air. Electronic controls operate the front/rear vent function, and there is also a remote-control convenient opening function. Tinted glass or two detachable roller sunblinds built into the central section of the roof protect the occupants from bright sunlight.

10 The comfort access system allows you to lock and unlock the car without even having to touch the key. Simply having one of the two keys in your pocket or handbag is enough. You can also switch the ignition on and off keylessly, simply by pressing the Start/Stop button.

6. PERFORMANCE.

RED HOT PACKAGE.

1. Exterior mirror

2. Side scuttles

3. Interior surface

1-3 The **Red Hot package** includes exclusive Black Checkered interior surfaces on all MINI Countryman models. The side trims of the centre console are in this finish, while the elliptical rings in the doors and the cockpit surface are in Piano Black. The exterior mirror caps and the side scuttles with their White direction indicator lights too are finished in Black Checkered. Also included in this package are the Sport button and bi-xenon headlights. On the MINI Cooper Countryman, where the Red Hot package is specified, the radiator grille slats and roof rails come in Matt Anthracite, and this finish is also available for selected rim designs. This package includes the Cooper S rear spoiler in body colour and the sports seats that come as standard on Cooper S

models. Sports suspension set-up and bonnet stripes in Black or White are both also available as no-cost options, as is Diagonal Track cloth upholstery for the sports seats on the MINI Cooper Countryman.

4 The **sports suspension set-up** delivers even more precise and sporty handling responses, thanks to its stiffer damper settings. 10 millimetres lower than the standard suspension, it looks good too.

5 The MINI Cooper S Countryman is available with **ALL4** permanent all-wheel drive as an option, giving it improved handling and allowing it to take short excursions off-road. The unmistakable All4 emblem appears on the doors.

10. Sport button

□ □

6 7 The **6-speed Automatic Transmission Steptronic** makes gear changes easier, and – in Steptronic mode – decidedly sporty. On the MINI Cooper S Countryman, there are two shift paddles on the three-spoke sports leather steering wheel in addition to the selector lever (shift paddles are available as an option on the MINI Cooper Countryman). These allow drivers to make manually initiated automatic gear changes quickly and safely without taking their hands off the wheel.

8 The **rear spoiler** is always painted in the same colour as the roof, and fits seamlessly into its lines.

9 The **MINI Cooper S Countryman rear spoiler** is the same colour as the roof, and reflects the racing heritage of the MINI.

10 Pressing the **Sport button** further improves the car's responses to throttle and steering inputs, for an even more involving drive. On the MINI Cooper S Countryman, it also gives a sportier engine note, and on vehicles with automatic transmission, it makes gearshift times faster too.

¹ Also available on MINI Cooper Countryman in conjunction with Red Hot package.

7. ACCESSORIES.

MINI Cooper Countryman with Original MINI Accessories

Side scuttles with Union Jack design

Rail note holder

Aluminium rear-mounted rack

With **Original MINI Accessories**¹, you can give your MINI Countryman a look that is all your own. For the exterior, there are a wealth of stylish components such as the striking off-road styling package, cool designs for the exterior mirror caps and rear-view mirror housing, and various side scuttles and roof designs. Sport stripes are a visual expression of the car's energetic personality. For the interior, there are practical solutions such as child seats that offer optimum safety for smaller passengers, the

rail note holder for the Center Rail, various different floor mats and a MINI Portable Navigation System holder. And for longer trips or leisure pursuits, there is an array of smart luggage compartment solutions and transportation accessories, including a surfboard holder, roof box and aluminium rear-mounted rack. Whatever you want to do in your MINI Countryman, with Original MINI Accessories the fun is guaranteed.

JOHN COOPER WORKS TUNING.

MINI Cooper S Countryman with John Cooper Works Tuning

Double Spoke R129 in Matt Black

Sports silencer

Gear lever knob in Alcantara/Carbon

John Cooper Works Tuning¹ delivers a true racetrack experience. The striking aerodynamic package comprises front and rear apron attachments and side skirts. The side skirts are painted in body colour, and incorporate racing-style air intakes, while a functional diffuser in the rear apron ensures improved down-force. The effect is completed by the large tailpipe finishers. Exterior mirror caps

in Chili Red or Carbon and sport stripes further enhance the racy look, and the 19-inch Double Spoke R129 light-alloy wheels with runflat tyres combine eye-catching styling with racing character. In the interior too, John Cooper Works components create a genuine track-car ambience, with options such as the additional instruments and a sports steering wheel in Alcantara or leather.

¹ All figures relate to vehicles with the standard 6-speed manual transmission. Figures in square brackets relate to vehicles with 6-speed Automatic Transmission Steptronic.

² All MINI Countryman models comply with the EU5 exhaust emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (as defined in Directive 80/1268/EEC), made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured separately from fuel consumption. Figures relate to standard-specification vehicles, and may vary significantly where optional equipment (including wider tyres) is fitted.

³ With overboost function.

⁴ The figure quoted includes a 90% tank filling, 68 kg for the driver and 7 kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment may increase this figure.

⁵ For technical reasons, engine performance is reduced when it is tuned to avoid carbon deposits.

RECYCLING.

Recycling is central to the MINI philosophy. Every MINI is designed and built in such a way that the materials it is made from can easily be reused at the end of its life cycle, for maximum sustainability. Your MINI dealer will be pleased to advise you on the disposal of your old vehicle. Alternatively, more information on this subject can also be found at www.MINI.com

BMW AG

The models, standard and optional equipment and combinability of options in this brochure relate to cars supplied by BMW AG for the German market. The availability of standard and optional equipment, and the combinability of options, may vary from country to country within the European Union for all models. For detailed information about the situation in your country, please contact your authorized MINI dealer. Subject to change in design and equipment.
