

**MINI COOPER CABRIO. MINI COOPER S CABRIO.**

## SOMETIMES, THE SAFE OPTION IS ALSO THE MOST EXCITING.

In the MINI Cabrio, you can feel safe in the knowledge that you enjoy the best possible protection, thanks to features such as stiffened bodywork, Dynamic Stability Control (DSC) as standard, an active roll-over bar and four airbags.

### Optional equipment illustrated:

Metallic paint  
Soft top in Hot Chocolate  
Chrome Line Exterior  
White direction indicators  
Crown Spoke light-alloy rims  
Chrome Line Interior  
Sport seats with piping  
in Lounge leather, Hot Chocolate  
Sport steering wheel in leather with multifunction option  
Interior surfaces in Horizon Blue  
Colour Line in Hot Chocolate  
Radio Boost CD  
Automatic air conditioning

## THE MINI CABRIO. BECAUSE LIFE IS MORE INTERESTING WITH A FEW TWISTS AND TURNS.

A low centre of gravity and short overhangs add up to a unique open-top go-kart feeling. Making every journey in the MINI Cabrio an experience to be savoured.

### Optional equipment illustrated:

Chrome Line Exterior  
Fog lights  
Bridge Spoke light-alloy rims

Chrome line exterior

## BEFORE THE ECSTASY OF DRIVING, THE AGONY OF CHOICE.

Choose between the MINI Cooper Cabrio and MINI Cooper S Cabrio.  
Difficult decisions aren't supposed to be this much fun.

### Optional equipment illustrated:

#### MINI COOPER CABRIO

- Metallic paint
- Soft top in Hot Chocolate
- Chrome Line Exterior
- Bi-xenon headlights
- Fog lights
- White direction indicators
- Crown Spoke light-alloy rims
- Sport seats with piping in Lounge leather, Hot Chocolate

#### MINI COOPER S CABRIO

- Bonnet stripes in Black
- Exterior mirror caps in Black
- Bi-xenon headlights
- Fog lights
- Black Star Bullet light-alloy rims
- Sport seats in Ray cloth/leather, Interchange Yellow
- Interior surfaces in Interchange Yellow

**1 SINGLE-JOINT SPRING-STRUT FRONT AXLE.** Where the fun begins. Two drive shafts of equal length in the front suspension minimize the extent to which the drive train interferes with the steering, and optimize the car's cornering, acceleration and braking.

**2 MULTIPLE-CONTROL-ARM REAR AXLE.** Unique in a car of its class, ensuring optimum contact between the wheels and the road, for the best possible traction. Aluminium construction keeps weight to a minimum and increases agility.

**3 RACK-AND-PINION STEERING.** A turn for the better. Electronic power assist ensures outstanding steering responses, with the driver receiving precise and involving feedback. The stiffness of the steering wheel adjusts to the speed of the car, for easier steering at low and high speeds alike. For maximum comfort, it is only 2.4 turns from full lock to full lock.

**4 ENGINES THAT GIVE A UNIQUE DRIVING EXPERIENCE.** MINI Cooper Cabrio: the figures – 90 kW, 160 Nm, 198 km/h. The feeling – instantaneous reaction to the accelerator, but a fuel consumption of just 5.7 litres per 100 kilometres, thanks to fully variable valve timing.

MINI Cooper S Cabrio: the twin-scroll turbo produces 135 kW of power, and the overboost function delivers 260 Nm of torque. In practical terms, that means 0 to 100 km/h in 7.3 seconds, a top speed of 225 km/h, and fuel consumption of just 6.0 litres per 100 kilometres.

**1 DSC AND DTC.** Fitted as standard, **Dynamic Stability Control (DSC)** counteracts vehicle instability by intervening in the engine management and applying braking force to individual wheels at front and rear as necessary. DSC also includes hill assist. The optional **Dynamic Traction Control (DTC)** with **Electronic Differential Lock Control (EDLC)** gives drivers the option to make more of the car's natural handling, by delaying interventions in engine

management and braking until the last possible moment. As a result, skilled drivers can still use the accelerator pedal to powerslide – although should the inner wheel lose too much traction, EDLC will apply braking to it, ensuring the car maintains forward momentum through corners and on surfaces with variable levels of grip. Braking interventions on the rear axle also help the car to hold its line when cornering.

**2 BODY.** The body of the MINI Cabrio has been reinforced at strategic points, guaranteeing extreme torsional rigidity for an exceedingly robust passenger compartment. The aim is to deliver the perfect combination of comfort, acoustics and protection.

**3 SUSPENSION.** The combination of a single-joint spring-strut front axle and a multiple-control-arm rear axle with wide track and a low centre of gravity results in the unmistakable MINI feeling: stable, agile, with excellent cornering ability at all speeds, plus superb traction and outstanding safety.

**1 RESTRAINT SYSTEM.** A combination of 3-point belts, belt tensioners and integrated belt catch means driver and front-seat passenger enjoy the best possible protection in the event of a crash.

**ISOFIX.** To ensure the safety of younger passengers, one or two ISOFIX child seats can be mounted in the rear.

**2 AIRBAGS.** The MINI Cabrio is fitted with four airbags as standard: driver and front passenger airbags protect the head and upper body in the event of a head-on collision, while the two head/thorax airbags in the front seats are primarily designed to reduce the risk of injuries to the head, chest and abdominal areas from side impacts.

**3 ACTIVE ROLL-OVER BAR.** Made of high-strength aluminium, the active roll-over bar ensures optimum protection for back-seat passengers. Normally it is almost invisible, blending seamlessly into the beautiful lines of the MINI Cabrio, but in an emergency, it deploys upwards in approximately 150 milliseconds.

**4 REINFORCED PANELS.** These elements are built into the safety-critical areas of the bodywork and the upper and middle parts of the doors to increase structural rigidity and protect passengers in the event of a collision.

### MINI COOPER CABRIO.

Sparkle comes as standard: the classic chrome-plated radiator grille and striking chrome exhaust emphasize the unique character of the MINI Cooper Cabrio.

### MINI COOPER S CABRIO.

It could only be the MINI Cooper S Cabrio: the powerful air intake in the bonnet, racy radiator grille in a hexagon look, and chrome-plated double-pipe exhaust system make this a car to keep your eye on – even when it's not moving.

## EXTERIOR DESIGN AND WHEELS.

**1** 5-Star Spooler light-alloy rims

**2** 5-Star Blaster light-alloy rims

**3** S-Winder light-alloy rims

**4** Bridge Spoke light-alloy rims\*

**5** Bridge Spoke light-alloy rims\*

**6** Bridge Spoke light-alloy rims\*

**7** Crown Spoke light-alloy rims\*

**8** Web Spoke light-alloy rims

**9** Black Star Bullet light-alloy rims

**1** The MINI Cooper Cabrio has 5-Star Spooler light-alloy rims as standard, in the 5.5 J x 15-inch size with 175/65 R 15 tyres.

**2** The 5-Star Blaster light-alloy rims come in the 6.5 J x 16-inch size, with 195/55 R 16 tyres.

**3** The MINI Cooper S Cabrio is fitted as standard with S-Winder light-alloy rims in the 6.5 J x 16-inch size, with 195/55 R 16 tyres.

**4–6** The Bridge Spoke light-alloy rims\* come in the 6.5 J x 16-inch size, with 195/55 R 16 tyres.

**7** The expressively styled Crown Spoke light-alloy rims\* come in the 7 J x 17-inch size with 205/45 R 17 tyres.

**8** The Web Spoke light-alloy rims feature a composite design, the two parts being bolted together. They come in the 7 J x 17-inch size with 205/45 R 17 tyres. There is also the choice of a two-tone Black finish.

**9** The Black Star Bullet light-alloy rims fill the wheel arches, and are the perfect complement to the dynamic styling of the MINI Cabrio. The rim size is 7 J x 17 inches, while the tyres are in the 205/45 R 17 size.

In addition to the factory-fitted wheel sets, certain wheel designs are also available as winter wheel-and-tyre assemblies.

\* These light-alloy wheels are also optionally available in White or Black.

**10**

**Aerodynamic package**

**12**

**Bi-xenon headlights**

**13**

**MINI soft top**

**11**

**Aerodynamic package**

**14**

**Active roll-over bar**

**2–9** RSC tyres with runflat properties. The optional runflat tyres are designed in such a way that the car can keep driving in the event of a sudden loss of tyre pressure. Even with a completely flat tyre, it can continue for up to 150 kilometres at speeds as high as 80 km/h.

**10–11** With the factory-fitted aerodynamic package, the modified front and rear aprons, radiator grille slats and tailgate handle are all painted in body colour. Not only do these components give the MINI Cabrio a thoroughbred sports-car look, but their optimized aerodynamics also enhance the driving experience. From the side too, the aerodynamic package's special side skirts and side reflectors in Orange, together with the painted wheel arches, make the car seem more dynamic.

**12** The optional bi-xenon headlights for low and full-beam settings, with headlight beam-throw control and headlight washer system, offer particularly powerful illumination.

**13** Ready to roll: the soft top of the MINI Cabrio comes as standard in Black. Hot Chocolate (illustrated) and Denim Blue with silver effect are also available as options.

**14** Less is more: the roll-over bar behind the headrests is fully retractable, and the soft top folds away without the need for dedicated boot space.

## INTERIOR DESIGN.

11

Storage package

12

Light package

**1** The interior surfaces of the MINI Cooper Cabrio are finished as standard in **Fine White Silver**. The elliptical door ring is in Carbon Black. Illustration shows standard two-spoke steering wheel.

**2** In the MINI Cooper S Cabrio, the interior surfaces are finished as standard in **Checkered**, as is the door ring. Illustration shows two-spoke leather steering wheel.

**3 4** Other options for the interior surfaces and door ring are **Fluid Silver** and **Piano Black**. Illustrations show three-spoke sport steering wheel in leather with/without multifunction option.

**5 6** The interior surfaces and door grips are also optionally available in **English Oak** or **Brushed Alloy**. With the English Oak option, the elliptical door ring is in Piano Black, while with Brushed Alloy it is in Grey Silver Matt. Fig. 5 shows the three-spoke sport steering wheel with wooden rim and multifunction option. Fig. 6 shows the three-spoke sport steering wheel in leather with multifunction option and shift paddles.

**7 8** The interior surfaces and the elliptical ring in the door can be colour-coordinated with the **Horizon Blue** or **Interchange Yellow** exterior colour. Illustration shows three-spoke sport steering wheel in leather with multifunction option.

**9** Fun in full measure: the **Always Open Timer\*** keeps track of how long you have spent with the top down to the minute. It starts running as soon as the soft top is fully open and the engine is running. The trip counter goes up to seven hours, and the total time spent with the top down is logged by the on-board computer.

**10** The **MINI navigation system** features a 16:9 monitor in the round central instrument, and includes the Radio Boost CD, on-board computer and a

speedometer around the outside. It directs you to your destination via voice instructions, directional arrows and/or on-screen maps.

**11** The **storage package** includes a storage compartment in the decor surface on the passenger side, and a storage net in the front passenger footwell, plus a floor net and a 12-volt socket in the luggage compartment.

**12** The **light package** includes handle-area illumination in the front door trims, footwell lights in the front, lighting of the windshield panel, and colour-adjustable (orange/blue) ambient lighting for the door handles, storage compartments in the doors, side trims in the rear and softlight on the instrument panel.

\* As standard in certain countries.

## INTERIOR DESIGN.

**Automatic air conditioning and seat heating**

**6-speed Automatic Transmission Steptronic**

**Sport button**

**Shift paddles on sport steering wheel in leather**

**Extended connectivity of music player in mobile phone**

**harman/kardon hi-fi system**

**USB audio interface**

**harman/kardon hi-fi system**

**1** Automatic air conditioning rapidly adjusts the interior temperature to the desired level, and then keeps it constant. When the top is down, Cabrio mode blows hot air at the passengers on cold days, or cool air on hot days. And when the top is up, an integrated active carbon filter protects against unpleasant odours from outside. The **seat heating** option allows both the driver and front-seat passenger to choose between three seat temperature settings.

**2** Pressing the **Sport button** further increases the responsiveness of the steering and accelerator pedal, for a genuine track-style driving experience. On vehicles with automatic transmission, it also reduces the time taken for gear changes.

**3 4** The optional **6-speed Automatic Transmission Steptronic** makes gear changes easier, and – in Steptronic mode – decidedly sporty. On the MINI Cooper S Cabrio, the 6-speed Automatic Transmission Steptronic comes with two **shift paddles on the sport steering wheel in leather** in addition to the selector lever (paddles are available as an option on the MINI Cooper Cabrio). These can be operated with both hands on the wheel, for faster, safer gear changes.

**5 6** The optional **Bluetooth hands-free kit with USB audio interface** connects wirelessly to Bluetooth-enabled mobile phones. The USB audio interface supports the connection of an iPod™, USB memory stick or MP3 player. Users can select tracks stored on the device by album, artist, genre etc. via the radio or navigation display. The **Bluetooth mobile phone preparation with USB audio interface** option also includes a three-spoke multifunction sport steering wheel in leather, featuring cruise control, and a centre armrest (smartphone not included). The **extended connectivity of the music player in the mobile phone** option allows Bluetooth-enabled

mobile phones with built-in MP3 players to be plugged into the armrest via a snap-in adapter (available separately), so that the music stored on them can be played through the vehicle's loudspeakers. For more information about the compatibility of various mobile phones and the availability of snap-in adapters,\* speak to your authorized MINI dealer.

**7 8** The **harman/kardon hi-fi system** features a 480-watt digital multichannel amplifier, and a total of ten high-performance speakers seamlessly integrated into the vehicle interior. The result is a unique sound experience, with powerful bass and brilliant treble.

# COLOURS AND UPHOLSTERY.

## EXTERIOR COLOURS<sup>1</sup>

The MINI range of colours includes a wide variety of bold solid colours and dazzling metallic options, offset with striking contrast elements:

- Soft top in Black, Hot Chocolate or Denim Blue.
- Exterior mirror caps in body colour, White or Black (only in conjunction with soft top in Black).

Certain rims are also available in Black or, where White mirror caps are specified, in White.

## SOFT TOP COLOURS

The soft top of the MINI Cabrio opens and closes automatically in just 15 seconds, and incorporates a continuously variable sunroof function. And when it comes to the choice of colours, you have a similar amount of flexibility. Depending on the exterior paint colour, there is a choice of up to three soft top colours – Denim Blue with silver effect, Hot Chocolate, or classic Black. Whichever option you go for, the inside of the soft top is always Black.

<sup>1</sup> All figures relate to vehicles with the standard 6-speed manual transmission. Figures in square brackets relate to vehicles with 6-speed Automatic Transmission Steptronic.

<sup>2</sup> All MINI Cabrio models comply with the EU5 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle, made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO<sub>2</sub> emissions are measured separately from fuel consumption.

<sup>3</sup> With overboost function.

<sup>4</sup> The figure quoted includes a 90% tank filling, 68 kg for the driver and 7 kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment may increase this figure.

## ACCESSORIES.\*

MINI Cooper S Cabrio with Original MINI Accessories

Holder for portable navigation device

Lockable aluminium rear carrier

With **Original MINI Accessories**, you can give your MINI Cabrio a look that is all your own. For the exterior, there are a wealth of stylish components such as fashionable light-alloy wheels, sporty **additional headlights** (fig. 1), and cool exterior mirrors. For example, **sport stripes in Black** and the **Black Jack** design for the **exterior mirror caps** and **rear-view mirror housing** (all fig. 1) are a visual expression of the car's energetic personality. For the interior there are practical solutions such as the flexible **holder** (fig. 2) for a portable navigation device, and the wind deflector with its brilliant anodized frame and raising lever. The wind deflector also incorporates pockets to hold small items.

To ensure the perfect soundtrack, the Original MINI Accessories range includes the iPod™ interface. And for longer trips or leisure pursuits, there is an array of luggage compartment solutions and transportation accessories such as the **aluminium rear carrier** (fig. 3), which is capable of holding two bicycles. Whatever you want to do in your MINI Cabrio, with Original MINI Accessories the fun is guaranteed.

## JOHN COOPER WORKS TUNING.\*

MINI Cooper S Cabrio with John Cooper Works tuning kit

JOHN COOPER  
WORKS

Interior surfaces in Carbon

R113 Cross Spoke light-alloy wheel

**John Cooper Works tuning** delivers a true racetrack experience. The **air intake** and **exterior mirror caps** in clear lacquered **Carbon** (fig. 1) give the car a look worthy of its racing heritage. And the John Cooper Works tuning kit ensures performance to match, increasing output of the MINI Cooper S Cabrio to a mighty 141 kW. This is made possible by a special air filter and reprogrammed engine management software. The sport silencer gives the

car a similarly impressive sound. And to complete the effect, there are the aerodynamic package, the John Cooper Works side scuttles, and the striking light-alloy wheels with runflat tyres – like the **R113 Cross Spoke** design shown here (fig. 3). Inside the car as well, John Cooper Works tuning ensures a pure motorsport feeling, with options such as **interior surfaces in Carbon** and a **sport steering wheel in Alcantara** (fig. 2) or leather.

## MINI SERVICE. MINI FINANCIAL SERVICES.

### MINI SERVICE. KEEP IT MINI.

Even a MINI occasionally needs some downtime – and you will know right away when your MINI is due for a service, thanks to the service interval display. Fortunately, not only was the car specifically designed to make it quick and easy to maintain and repair, but long service intervals also help to keep running costs down – leaving you free to concentrate on enjoying your MINI. This is what we call **MINI Service for you**. But that is not all we have to offer. Take for example MINI Service Inclusive, which makes worrying about unexpected servicing or maintenance costs a thing of the past. Or MINI Mobile Service and MINI Mobile Care. With MINI Mobile Service, in the unlikely event that your MINI does suffer a breakdown, telephone support from highly trained MINI technicians is available 24 hours a day, 365 days a year, guaranteeing your peace of mind. And with MINI Mobile Care, we will cover the costs for a hotel, rental car or taxi, as well as providing a towing service. **MINI Service for your MINI**. Check-ups, maintenance and repairs are carried out by MINI Service experts. Treat your MINI with the attention and affection it deserves, and make sure you only ever use Original MINI Parts, as these proven high-quality components will ensure your MINI continues to give you the fun it was designed to.

With our special range of services for you and your MINI, you are guaranteed to always receive the same professional service, wherever you are in the world. For more information on the MINI Service and what it includes, please contact your authorized MINI dealer or MINI Service Centre. Alternatively, you can visit our website at [www.MINI.com/service](http://www.MINI.com/service).

### DON'T DREAM. DRIVE! THE BENEFITS OF MINI FINANCIAL SERVICES.

Admittedly, dreaming about a MINI is pretty exciting. But it can't compare with the fun you'll get from actually driving a MINI. The right financial package helps you make the road from dream to reality shorter. MINI Financial Services makes sure that you can choose the short cut to having your own MINI which best suits your lifestyle, your budget and the MINI you've chosen.

Three roads, one destination. MINI Leasing, MINI Finance, MINI Select. Each of these three solutions aims to make your MINI dream come true quickly, and to enhance the fun you get from living with your MINI. Each of our three service models has its own specific advantages. Decide yourself, together with your MINI dealer, which of the products is the one that fits best with your MINI lifestyle.

When you know what product it is, ask yourself: can you make the thrilling MINI experience even more exciting? Answer: no. But you can make sure you avoid unwanted and unpleasant surprises. With an insurance policy which is perfectly tailored to your MINI. To accompany your financial package, MINI Financial Services offers insurance packages precisely geared to your personal wishes and needs.

What next? Why not arrange a personal meeting with your local MINI dealer? The F&I manager and the sales staff there have an in-depth knowledge of all MINI Financial Services products, and are looking forward to making your MINI dream come true.\*

\* To learn more about MINI Financial Services, our leasing, finance and insurance offers, and find out who offers these services in your country, go to [www.MINI.com](http://www.MINI.com) or contact your MINI dealer direct. Details of services may differ from country to country.

### WARRANTY.

Every MINI is supplied with a 2-year unlimited mileage dealer warranty. (This excludes wear-and-tear parts.) Every MINI also comes with a 12-year anti-corrosion warranty, which covers the vehicle against rusting of the body panels. This warranty is dependent on any previous damage to the vehicle body or under-body (e.g. stone impact damage, scratches, dents, accident damage or other damage caused by environmental factors) having been correctly repaired in accordance with current MINI guidelines. The painted surfaces of the car are covered by a 3-year warranty. This excludes any damage to painted surfaces caused by external or environmental factors.

### RECYCLING.

At every stage, from design to disassembly, recycling is central to the MINI philosophy. For example, all the materials used in its manufacture were selected because they can be used in a sustainable and environmentally friendly way. And every MINI is built to be easily and economically recycled when its driving days are finally done. We have been working on this approach since 1994 at the BMW Group Recycling and Disassembly Centre in Munich, the only facility of its kind. Your authorized MINI dealer will also be pleased to advise you on the disposal of your old vehicle.
