1 iPod interface*

Connect your Apple iPod (excluding iPod shuffle) to the interface and enjoy your favourite tracks through the MINI's sound system using a small cable hidden away in the glovebox. It's easy to change tracks as you can control your iPod using the radio, multifunction steering wheel or MINI joystick† and you don't need to worry about your iPod battery life, as it charges itself while you're on the move.

The iPod interface supports the following functions:

- Playback of tracks stored in the iPod†.
- Track search by artist, album, playlist or genre using the on-board monitor or radio display.
- Podcast playback.
- Play the tracks in the current list for 10 seconds each using the scan mode.
- Repeat the current track.
(Only with factory-fitted satellite navigation)
- Jump to the next or previous track.
- Fast forward.

1 MINI Approved Portable Navigation from Garmin®

This portable navigation range is always on hand to help you with directions, hotel references, fuel stops and sniffing out food. All you need to do is touch the screen to find what you're after.

Practical and pocket-sized, these units can be taken anywhere. Up-to-the-second information is gathered to process the best route. Easy-to-follow guidance ensures vision and safety, day and night.

Each of the units available come with a 24-month extended warranty. Please ask your MINI Dealer for details.

n/s Bracket for Garmin® Portable Navigation

Allows a Garmin® nüvi® to be secured using a bracket attached behind the rev counter with concealed cabling. This results in no impairment of visibility due to the suction cup on the windscreen and no cables in the interior to the 12v charging socket. The bracket cannot be used in conjunction with widescreen nüvi® units.

GIVE IT THE WORKS.

JOHN COOPER
WORKS

The motor sport heritage, eye-catching looks and unbeatable roadholding of a MINI fitted with John Cooper Works accessories, reflects the passion of three generations of the Cooper family's expertise and unbridled passion for motor racing.

The excitement continues with the latest range of John Cooper Works tuning accessories. The aerodynamic kit offers extra-sporty, head-turning looks and improved handling. For increased

performance, the tuning kit boosts the power of a MINI Cooper S from 175 hp to 192 hp, delivering 0-62mph in 6.8 seconds. With optional sports suspension and brakes, lightweight alloy wheels and carbon trims, your MINI will exude racing performance without affecting your warranty.

A separate brochure displaying the full range of John Cooper Works products and accessories is available. Please speak to your local MINI Dealer for a copy of the brochure or for further details.

MINI RECYCLING.

At every stage, from design to disassembly, recycling is central to the MINI philosophy. For example, all the materials used in its manufacture were selected because they can be used in a sustainable and environmentally friendly way. And every MINI is built to be easily and economically recycled when its driving days are finally done. We have been working on this approach since 1994 at the BMW Group Recycling and Disassembly Centre in Munich, the only facility of its kind.

Your local MINI Dealer will also be pleased to advise you on the disposal of your old vehicle

This brochure is printed on paper which has been sourced from sustainably managed forests.
