**MINI HATCH 3 DOOR UP TO 11/06 &  
MINI CONVERTIBLE ACCESSORIES 2008/2009.**

You know you want some.

Make sure everyone else knows it too.

Drop your family and friends some totally unsubtle hints by placing these stickers beside your favourite accessories and leaving the brochure for them to find.

(Just remember to act surprised when you get what you asked for.)

## BRUSH UP ON YOUR MINI CODE.

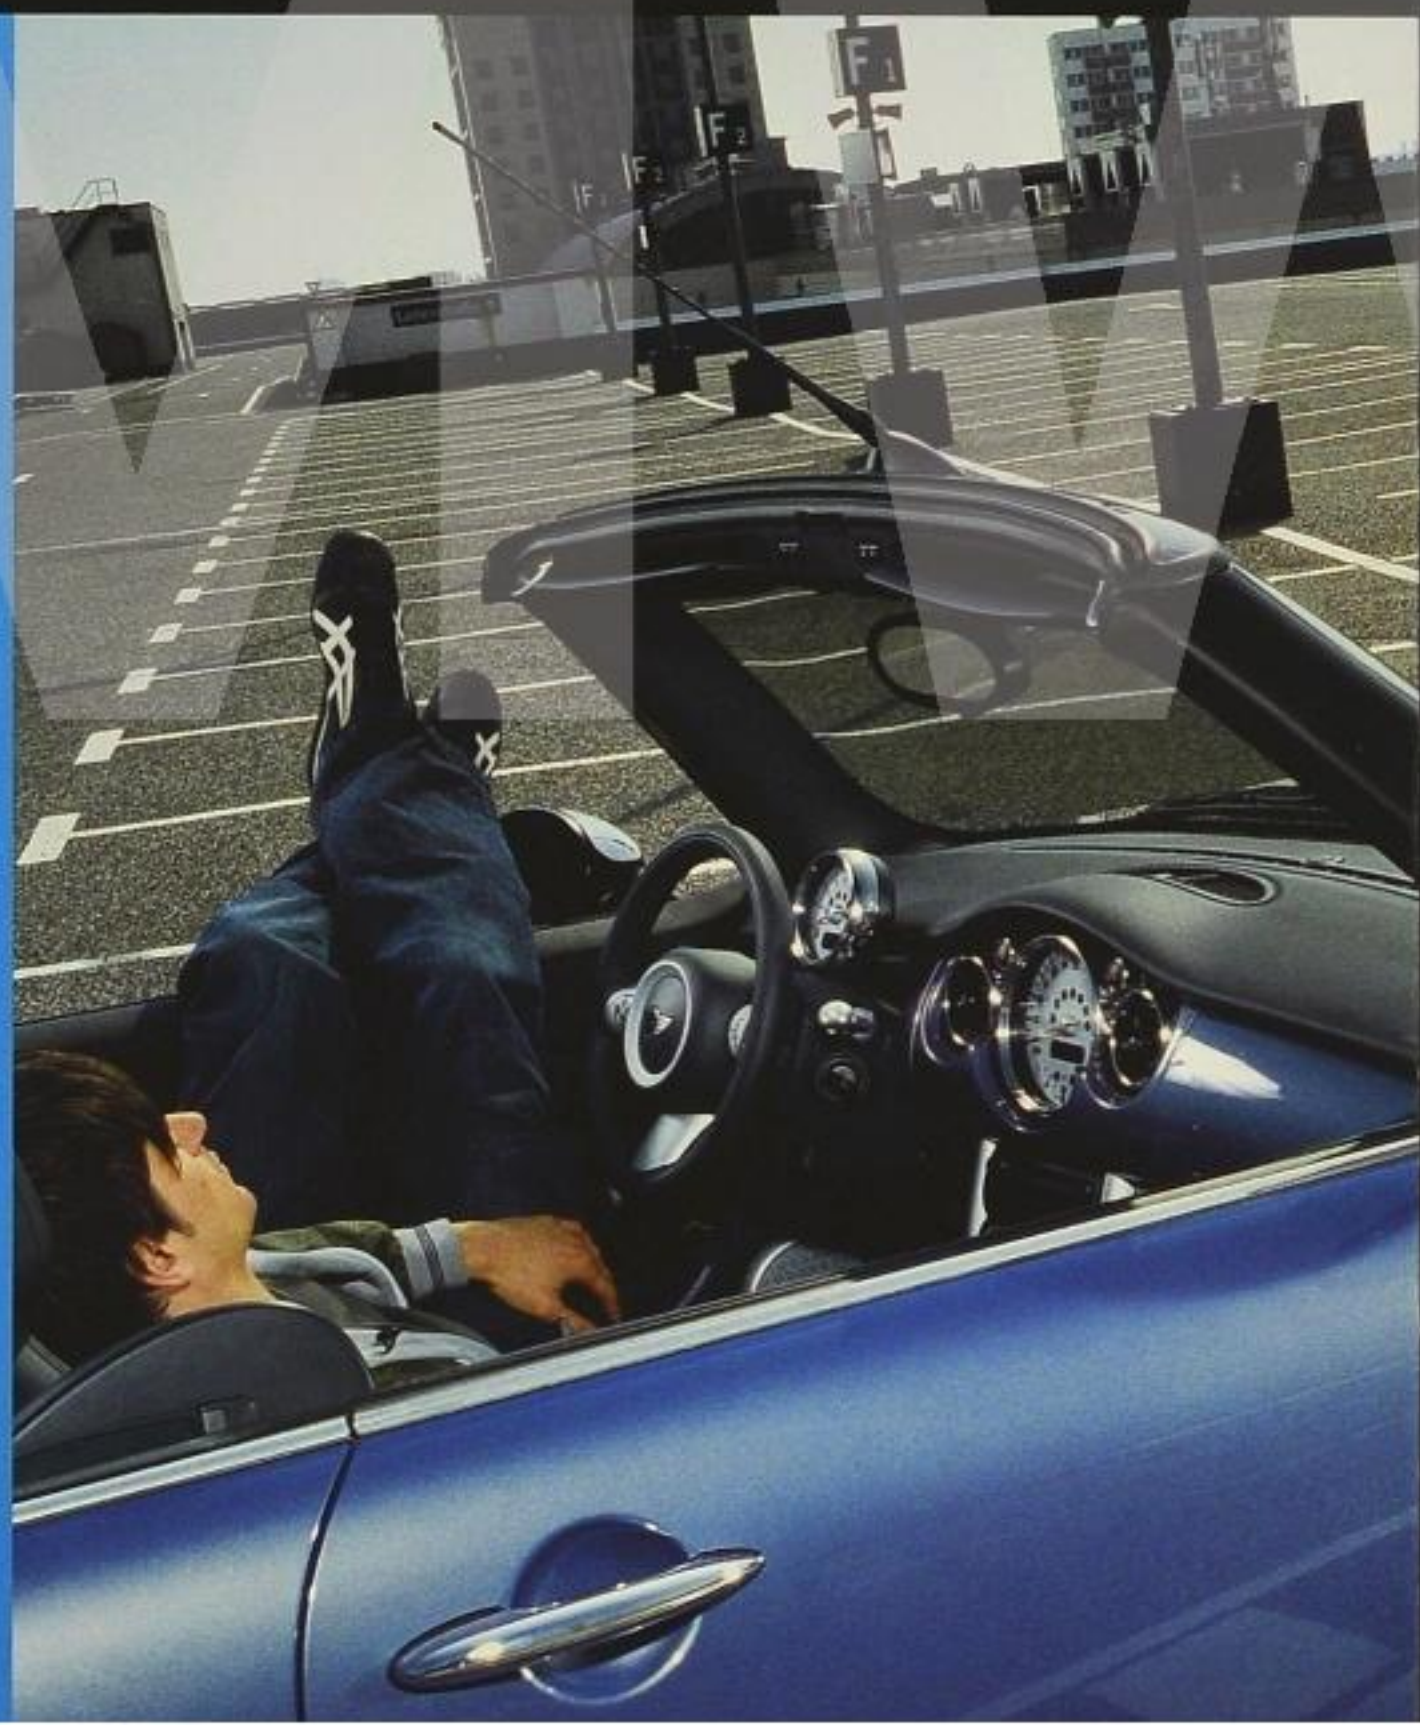

To help you navigate your way through all the options available we've colour coded everything. The colour spots below each item tell you which model has that particular accessory.

See the fold-out flap inside the back cover for more details.

Once you've found the accessory you want, make a note of the part number and your MINI Dealer will do the rest.

<b>1</b>	<b>R91 5-star bullet</b>
Please note the individual 'part number' for your chosen product (example shown here)	Cast wheel 7 x 17, painted silver

Active lifestyle?

Don't worry. MINI has racks, carriers and cases for just about everything.

Bikes, skis – you name it.

MINI carries them all with ease.

**CARRY IT OFF.**

### 1 Base support system

It's essential for any of the carrying options illustrated here, supporting roof loads up to a maximum permissible 75kg. Holes may need to be drilled into the car's roof. When the roof base support system is removed, the caps supplied plug the holes. These can be painted to match your car's colour. Ask your dealer for a quote.

## » JOHN COOPER WORKS.

With a full range of performance parts now available  
you can give your MINI the full racing treatment  
inside and out.

# TUNING.

John Cooper Works have developed the perfect tuning components for your MINI, which deliver greater performance without affecting your MINI warranty.

The John Cooper Works tuning kit is the definitive addition for your MINI Cooper S. Fifty years of racing heritage and experience, coupled with the latest computer design and testing, have resulted in a tuning kit that takes an already quick and nimble car to new levels of driving.

Each John Cooper Works component is an integral part of the whole kit. Matched and balanced, together they combine to deliver the breathtaking performance and handling that discerning MINI drivers love. Together with responsible fuel consumption, emissions and noise levels.

## MINI RECYCLING.

At every stage, from design to disassembly, recycling is central to the MINI philosophy. For example, all the materials used in its manufacture were selected because they can be used in a sustainable and environmentally friendly way. And every MINI is built to be easily and economically recycled when its driving days are finally done. We have been working on this approach since 1994 at the BMW Group Recycling and Disassembly Centre in Munich, the only facility of its kind.

Your local MINI Dealer will also be pleased to advise you on the disposal of your old vehicle
